[Owing to the fact that some of the Minute Books of the Board of Property are not to be found in the Land Department, the disconnected record will be accounted for. We give such transcripts from the Caveat Books, however, as may possibly supply the hiatus in the proceedings of that office. So important are these that their incompleteness is to be regretted. A portion of the Record of "Old Rights" is also given.]

# MINUTES OF THE BOARD OF PROPERTY.

---

At a Meeting at the Surveyor Generals the 3d Jan'y, 1792.

Present

Daniel Broadhead, Esq., Surv. Gen'l  
Francis Johnston, Esq., Rec'r Gen'l  
David Kennedy, Esq., Secretary  
Matthew Irwin, Esq., Master of the Rolls. } of the Land Office.

Robert Smith  
v.  
George Johnston. }

The said Parties appearing mutually submitted their dispute to the Board having no Caveat or Citation, And they being heard and their Warrants & Papers Examined, it appears that Johnston hath a Warrant dw'd in May, 1791, and that Smith hath one in November in the same Year for the Land in contest, And that there is no Imp't on it, of such consequence as can affect the priority of Johnstons Warrant Therefore Ordered that the Survey of 45 Acres shall be returned and accepted for Johnston on his said Warrant.

James Martin, Esq.  
v.  
Michael Smier. }

This Case having been postponed from the third day of October last to this time because the Drafft from the Deputy Surveyor agreeable to the Order of the Board the first Monday in December, 1790, had not been made, And now no proof being made that Martin was served with a Copy of this Minute of the third October last, nor is the Draught or Plott yet made, Therefore this Case is further post'd to the first Monday in December next against which time the Deputy Surveyor is directed to furnish the Board with the Drafft A Copy of this Minute is to be given Martin thirty days at least before the said first Monday in December next.

Alexander Wells  
 v.  
 David Reynolds  
 & Thomas Bays.

After hearing the Parties a Judgment of the Supreme Court in favor of Reynolds & Bays for 300 Acres incl'g their Improvements was produced and a Survey of 307 $\frac{1}{4}$  Acres made on Reynolds Warrant being examined It is Ordered that the 7 $\frac{1}{4}$  Acres which is the Survey more than recovered by said Judgment shall be cutt off from the same Survey by a line to be run paralel to the Line S. 20 degrees W. 508 perches as dotted on a Draught Certified by Matthew Ritchie now before the Board.

John Hollingshead  
 v.  
 William Morris in  
 right of Jonathan  
 Morris.

This Case is postponed to the first Monday in June next again which time the Deputy Sur'r of the District is directed by making a Resurvey of Morris's land fully to ascer'n ye qt. of his Survey & the quantity shall be less than his Warrant expresses, to fill it up on that part which Mr. Galbreath deposes he was required by Morris to take into his Survey and to make a return again the said first Monday in June denoting the Claim of Hollingshead.

Mr. Henry Dougherty produced to the Board a Copy of a Record of the Supreme Court whereby it appears that Jas. Hughs became nonsuited in an Action between him and said Dougherty relating to a Tract of Land on Susquehanna above Lycoming for which they both have pre-emption Warrants, Ordered that the Surveyor General direct a Survey to be made on Doughertys Warr't by some Surveyor and returned to the Board the first Monday in April next when Mr. Hughs may be heard if he thinks proper and if said Hughs shew not Cause to the contrary a Patent may issue to Dougherty A Copy of this Minute to be given to Hughs at least Thirty days before that time.

Robert Clark  
 v.  
 Christian Stoner.

The Report of Adam Orth, Martin Brandt and Jonath'n McClure to whom this dispute was referred on the 7th day of November last was read, But as the same does not determine to which party the Lands in contest ought to belong they are desired to make another Report declaring in whom the right of the land is vested

John Carmichael  
 v.  
 John Clark

} On Caveat.

On hearing Colo. (in behalf of Clark) and the said John Carmichael and examining their Papers, it appears that John Carmichael, jun'r and John Carmich'l, Sen'r on the same day obtained Warrants that of John Carmichael, Sen'r for 400 Acres and that of John the younger for 200 Acres, That the said John the Elder falling in debt the Sherriff of the said County made Sale as well of the said John, Jun'r as that of that of John, Sen'r. And Mr. produced a Copy of a Record of a Deed from John Carmichael, Junior to his Father dated 5 December, 1785, and it being suggested by John Carmichael, jr., that the said Deed was not made by him and from circumstances it seems likely it was not or at least it is doubtful, Therefore it is thought proper to postpone this Case to the first Monday in December next in order that the original of the the said Deed may be produced for an Examination of Jacob Bury & Wm. Strong may be had and laid before the Board.

William Wilson  
 v.  
 Isaac Israel or  
 Israelow.

} On Caveat.

William Wilson alledging on his Caveat upon Warrant to Israels the Board examined their Warrants and find that Israels is the prior one and therefore his allegations not being supported his Caveat is dismissed.

Nathan Dailey  
 v.  
 James McDowell.

} On Caveat.

On hearing Abraham Smith, Esq., on behalf of McDowell and examining his Papers and those of Dailey transmitted to the Board, it appears that McDowell ent'd an App'n for three hundred Acres and joining the Fallen Timber Bottom that before any Survey was made on the said Application a Certain Martin Humble had settled on the Land, That said McDowell and Humble entered into an agreement by a Bond or instrument in writing dated the 20 day of Novem. 1771, now produced amongst McDowell's Papers, whereby McDowell in consideration of Twenty Pounds to be paid him and performing certain other matters therein expressed, and other conditions, was to transfer his right to Humble which agreement is also signified in a Letter from McDowell to the Secretary & Humble assigned or gave up his claim to One Miller, Who transferred to said Dailey who hath been in possession many years and made considerable Imp'ts thereon. The Board are of

opinion that on Daileys payment of the money according to the said agreement with lawful Interest he shall have a Patent, and that in the settlement of the Account on the said Application, he shall be allowed the money paid on a New Warrant which Dailey took out for the same land.

The Honble Thomas Kennedy, Esq., laid before the Board a Survey made by James Harris Deputy Surveyor on an Application No. 1195 of One John Crozier, whose right to one Moiety being 108 Acres 62 perches became vested in John Scouler who it is suggested took out a Warrant for the same dated 6 February, 1789, Locat'd as follows, viz, 150 including an Imp't adjoining land of

And a Survey is returned of the said Tract Survey'd on the said Application in two Divisions of 108 Acres 62 perches each. And the said Kennedy desired a Settlement of his Account allowing him the money paid on his said Scoulers Warrant, The Board on considering this Case are of Opinion that the Deputy Surveyor ought to Certify to the Surveyor General whether the said Warrant is Located on the same place, Surveyed and returned as Scoulers part of the land claimed on Croziers Application in Order that such allowance may be made on the Settlement of the Account.

Henry Taylor	}	On Caveat.
v.		
Levi Hollingsworth.		

Henry Taylor being duly notified and not attending Levi Hollingsworth was heard exparte, And the Survey Depositions produced and a minute of the Board 16 Decem. 1790 examined whereon it appears that at that time the said Henry Taylor producing to the Board a Copy of the record of the Supreme Court on a trial in ejectment between said Taylor and Hollingsworth in the same Court, Whereby said Taylor recovered a part of the Land claimed by Hollingsworth in right of Richard Yeates, the Caveat depending between the said parties was dismissed and Taylor allowed a Patent for the part of Yeates' Survey recovered with which the other land is included in a Survey made on Warrant to John Taylor, That the said Henry Taylor by some means procured a Survey of 287 A's 128 ps. to be returned on Mary McDowells Application No. 3599 on part of said Survey of Yeates and without any contest or the knowledge of Mr. Hollingsworth obtained a Patent for the same which comprehends part of said Henry Taylor's other Land, That the said Henry Taylor neither on the said Trial in Ejectment nor at the Board set up Claim to any part of Yeates Survey more than what was recovered. And further that on examination of the Description of Mary Mc-

Dowells Location the same ought to join Nathan McDowells Survey which it cannot do without interfering with other Surveys. On the whole, however averse the Board are in common to grant Patents for Lands all ready Patented, Yet taking into Consideration the circumstances of the Case it is thought proper to allow Mr. Hollingsworth a Patent for such part of Yeates Survey as was not by him lost in s'd Action, And for this purpose the Deputy Surveyor of the District is directed to make a Resurvey thereof and return it to the Board the first Monday in June next, taking particular care not to include any part which Taylor recovered as aforesaid. A Copy of this Minute to be given at least thirty Days before the said first Monday in June in Order that Mr. Taylor may have an Opportunity of shewing Cause why a Patent ought not to issue to Hollingsworth.

The Heirs of John Hite

v.

John Cowan.

Hite not being able to support his Caveat the same is dismissed and Cowan allowed a Patent.

Abraham Strickler

v.

Thomas & Henry Moore.

A Survey made and Returned into the Surveyor Generals Office in the year 1763 for Michael ——— in right of Jacob Kutz which is long before any right by Improvement or Warrant of Jacob Lentz under whom Strickler claims, Therefore his Caveat is dismissed.

Samuel Tate

v.

William Maghee.

This Case being postponed from the 15 July last and the Draught of John Moore now considered, it appears the plan or Land Located by Wasnington Tates Warrant is ——— for Samuel Tate, Therefore Ordered that John Moore return the whole Vacancy on the said two Warrants dividing it equally as to quantity, but the part marked in the Draught No. 1 for Washington Tate, and the Draught No. 3 for Samuel, and to return it so as that Samuels Survey be least prejudicial to the Improvement which William Maghee claims under a Sherriffs Deed for the same, On which a Patent might issue to said Maghee on the produc'g a Transfer of Washingtons Warrant right, or as shall be further Ordered by the Board.

The Certificate of Richard Peters being read on behalf of John Waynard who applied for a Patent for a Tract of Land Surveyed on John Pices Warrant, in York County a Patent is allowed to said Waynard.

Ordered that James Harris Certify to the Surveyor General whether or not the 150 Acres of Land granted by Warrant to John Schouler dated 6 February, 1789, is the same Tract which is returned as One Moiety of a Tract Surveyed on Application No. 1195 to John Crozier in Order that said Schouler may be allowed the money paid on his Warrant in the payment of said land.

Phineas Kilum

v.

John Varvel.

At a meeting the first Monday in Sept. 1789, the determination of the Case was deferred until the Title should be tried at Law, or until David Bradford, Esquire (who was concerned for Varvel was heard, and not the said Mr. Brackenridge appearing and producing an Instrument in Writing dated 29 December, 1789, from John Varvel purporting to be an acknowledgement of Mr. Brackenridge as his Landlord, And also another Instrument in Writing dated 1 April, 1790, under the Hand of the said David Bradford stating, the said John Varvel the Caveator being dead, and his Son his Heir and Representative relinquishing all pretensions And that the said Brackenridge having given satisfaction, he the said Bradford did Certify that he had no objection to the said Brackenridge having a Patent, Which several Instruments as well as former proceedings, being taken into consideration a Patent is allowed to said Brackenridge he producing a Title from under Kilum.

After the Order was made for Hugh Brackenridge, Esq., in right of Phineas Kilum, it appeared that a Caveat had been entered by Joseph & Phebe Phillips, and Mary Hill, against granting a Patent to said Killum, and John Varvell, And on examining the Warrant, Survey, &c., of the said Caveators it appears that they have a Patent the Lines and bounds of which it is apprehended includes part of the Survey made for Killum, Ordered therefore that the Deputy Surv'r of the District shall make Resurveys of the said two Tracts, and return a plott thereof to this Board the first Monday in ————— next denoting how they interfere if they do interfere, & a Copy of this Minute to be given the said Caveators 30 days before the said first Monday in ————— next in Order that they may be heard.

Jonas Hartzell, Esquire, laid before the Board the Survey of 56 Acres 72 perches in Williams Township made for John Getterd On Warrants of 8 August, 1786 & 4 October, 1790, thirty four Acres of which was formerly Surveyed by Order of Richard Hockley, dated 2d June, 1774 to Adam Mann but no such Order is to be found, Therefore Ordered that the Survey of the 34 Acres 30 perches shall be returned on the said Warr't of the 4 October,

1790, and Patented to the said Getterd he paying £5 Sterling P. Cent with Interest of 6 P. Cent from the 2 June, 1774, & the money paid at issuing that Warrant is to be allowed in the Settlement of the Account, which Mr. Hartzell agrees to.

Allowed John Foulke to withdraw his Caveat against David Kline.

At a meeting at the Surveyor Generals the 6 day of February, 1792.

## Present

Daniel Broadhead, Esq., Surv. Gen'l  
Francis Johnston, Esq., Rec'r Gen'l } of the Land Office.  
David Kennedy, Esq., Secretary  
Matthew Irwin, Esq., Master of the Rolls.

Mark Connor  
v. } On Caveat.  
Samuel Leeser.

On hearing the Parties it appears that the Land in dispute is contained in their Survey of 107 Acres made by James Scull Deputy Surveyor on an App'n of John Mears long before Mark Connor obtained his Warrant which is dated the 4 day of October 1786, Therefore Connors Caveat is dismissed and Leeser allowed a Patent.

Abraham Hartman  
v. } On Caveat.  
Michael Ringer.

On hearing the Parties it appears that the Warrant to Adam Detrick and George Young dated the 15 February, 1767, under which Hartman claims (tho' prior to Ringers) is not for the Land in dispute, And that Ringer hath a Warrant and Survey, Therefore the Caveat is dismissed and Ringer allowed a Patent.

Christian Stoner  
v. }  
Robert Clark.

The Report of Jonathan McClure and Adam Orth pursuant to a reference of the Parties on the 7 Novem. last, And an Order of the Board the third day of January last, being produced declaring the right of the land to be vested in Clark the said Report is confirmed.

John Neil & John Eager  
Guardians of Joseph  
Marshall's Heirs } On Caveat.  
v.  
Hugh Neely.

On hearing the Parties it appears that the Land in contest was recovered by Neely in an Action tried in the Court of Common Pleas in the Year, 1781, and is included in a Survey of 204 Acres made by Benjamin Lodge on a Warrant dated in the year, 1787 to Neely, and after the Resurvey a Bond was given to the Executor of said Marshall for the value of the Land by Newell and Vance, which said Newell has sold the same to Joseph Marshall, Therefore Ordered that a Patent shall issue to said Neely.

George Elder

v.

John Owens.

} On Caveat.

George Elder appeared and was heard exparte he proving the Service of Notice on William Morris who it is said claims under John Owens on which it appears that Elder claims under an Application of John McMath No. 1214 for 200 Acres on the Rays-town branch of Juniata about 15 miles above the forks, bounded on the South Juniata, on the W. Alequipay Mountain, on the W. James Murdock, on the E. Vacant Cumberland County, On which a Survey is said to have been made by Joshua Elder, (as Assistant to Richard Tea) 13 June, 1768, of 134 Acres, And that William Morris claims under John Owens Application No. 332 for three hundred Acres on the W. side of Raystown Branch of Juniata supposed to be about 12 miles from the Mouth, Murdock Claim adjoining it up the Branch. On considering of this Case, Ordered that the Deputy Surveyor of the District go to the Ground together with two others to be chosen by the said Parties respectively if they will choose, And to examine from the Testimony produced of the Location of John Owen which is the prior Application suits the Ground in dispute and to make a return of the Survey and a Report how the matter appears to them, on the first Monday in June next to which time this dispute is continued, a Copy of this minute be given Morris as soon as possible.

Hugh Skelly

v.

George Heater.

} On Caveat.

Skelly not appearing (tho' duly notified) to support his Caveat the same is dismissed unless he shews Cause to the contrary the first Monday in June next.

William Newell

v.

James Huston.

} On Caveat.

Newells Son appearing but not having sufficient proof of the notification of the other Party, this Case is postponed to the first Monday in October next, A Copy of this Minute to be given Huston at least thirty days before the said first Monday in Oct'r.

Colo. William Cook  
 v.  
 Galbreath Patterson, Esq. }

On hearing, Pattersons reason against granting a Patent to William Cook agreeable to an Order of this Board in August last, and on examining the Location & Surveys of the Parties, and the Testimony offered by Patterson, it was the Opinion of the Board that sufficient cause was shewn why Patent should not issue to Ceek, but to him on a Survey made on Thomas McFadian Application for the land in dispute But before the Minute of the Board was drawn up a Letter from Colo. Cook came to hand enclosing a Copy of the Record of Court whereby it appears that said Cook hath brought an Ejectment against Pattersons Tenant in possession which being taken into Consideration it is thought proper not to prevent the Patent issuing agreeable to the Opinion formed before any notice received, of such Ejectment brought, because the same was commenced while it was depending before the Board, and since the last Citation issued, and likewise since the agreement by Cook to attend a hearing at this time, which agreement is in proof by the Deposition of James Miller now produced, And upon the whole a Patent is allowed Patterson, or to those who shall shew Title under McFadian's Application and Survey.

Houser  
 v.  
 Stofflet. }

Postponed to the first Monday in March next at Stofflets request in Order that further Testimony may be produced.

Peter Kessler  
 v.  
 Joseph Martin &  
 Martin  
 v.  
 Shafer, Houser &  
 Stofflet. }

On hearing the parties and exam'g a General Draught or Plott of the Lands in controversy and of several adjoining Tracts made by George Palmer Deputy Surveyor it appears that Martin claims by Warrant dated 14 February, 1785 to William Moore for "200 Acres joining Mary Lisle, Casper Houser, Conrad Shafer and Peter Kessler." And that Peter Kessler claims under an Application of Nicholas Snyder for 200 Acres, and by virtue of three Warrants One of 15 Acres to Godlieb Hubler, one of 12 Acres to said Hubler and one to himself for 100 Acres, On which Warrants and Application he hath taken 300 Acres And that the vacancy contains

about five hundred Acres, (besides two small triangular pieces not included in any Surveys of said Parties, but which will come within the description of Moores Warrant) and the same large Vacancy is claimed on Warrants of a date posterior to Moors in the proportions following, viz: Stofflet 107 Acres, Casper Houser 59 Acres, Charles Heimer 56 Acres, George Kessler 137 Acres, Conrad Shafer 56 Acres and Peter Kessler 73 Acres, more contained within the lines he hath circumscribed than his Office Rights that are prior to Moors Warrant will cover, Therefore it is Ordered that the said two hundred Acres Warrant of Moore shall be Surveyed for Martin as nearly agreeably to its description as may be taking from the Claims of the said Peter Kessler, Stofflet, Houser, Charles Heimer, George Kessler and Conrad Shaffer, in proportion to their quantity above expressed, but so as to leave the remainder next to the other Lands of the said Parties, and in as commodious manner and least prejudicial to them as may be, and so as to comprehend the said triangular Vacancy marked in Palmers said General Draught and not claimed by the other Parties on the said Martins Survey.

Casper March

v.

George Deihl  
Thomas Longaback  
& Andrew Kleckner.

Postponed to the first Monday in May next in Order that the Parties may by a reference or otherwise accommodate this dispute, or if that cannot be done that William Kremer and Simon Driesback together with the Deputy Surveyor may point out the part of Longaback.

Carothers

v.

Jacob Alters.

Postponed to the first Monday in April next in Order that Alters may bring proof of the Execution of Samuel Kilgore's Assignment to Bernard Hershey.

Hurst & Shewel

v.

The Proprietaries.

Postponed to the first Monday in May next, at the request of Mr. Butler to procure Testimony.

A Survey of James Ramsey of 72 Acres 186 perches made by George Woods Deputy Surveyor pursuant to a Warrant and Order of the Board of the third day of September, 1787, on a dispute on Caveat between him and Charlotte Carlisle, being produced the same together with the Order of the Board, was taken into consid-

eration, And it appears that a Copy of the said Minute was directed to be given James Hamilton and David Carlisle (who it is suggested were interested) and no proof of such Copy being given, therefore the granting the Patent is suspended until the first Monday in March next in order that Mr. Hamilton may be notified by having a Copy hereof given him at least fifteen days before that time.

A Return of a Plott or Drafft of a Resurvey made by Samuel Preston (late Deputy Surveyor of Bucks County) by Virtue of a Warrant of Resurvey dated 21 day of April, 1768, for Benjamin Williams was produced and examined, Whereby it appears that besides the land in the bound of the Resurvey, held under Patents there is included in the same 11 Acres 137 perches, Surveyed on Warrant to Jeremiah Williams, dated 8 day of April, 1746, and 20 Acres Survey'd on Warrant to said Benjamin Williams dated 19th day of March, 1773, and that in the whole there is an Overplus of 23 Acres 89 Ps., Whereupon Ordered that a Patent shall be granted to the said Benjamin Williams for the whole Land agreeable to the said Resurvey he paying for the said 11 Acres 137 perches and twenty A's according to the terms of the Warrant granted for the same, And for the said Overplus at the rate of £10 P. Cent. and Interest from the first day of March, 1768.

John Giffin & Wm. McGrary  
Adminis'rs or Guard's of the  
Minor Children of Samuel  
Wilson, dec'd  
v.  
John Hunter.

On examining the Letters and papers sent by Mess'rs Lovinguie and Hendricks it appears that Samuel Wilson had an Application for the Land claimed by the parties, That the said Hunter becoming entitled to the shares of two of the said Samuel Wilsons oldest Children took out a Warrant for a certain part, and had a Survey made thereon not satisfactory to the Guardians, Ordered therefore that the Deputy Surveyor return a Draught of the whole land on the Application by the first Monday in December next in Order that the said parties may be then further heard, and that they may have time to make a Division of the Land agreeable to the parties if can be done.

The Draught and Report of William Montgomery, Esq., pursu't to an Order of the Board the 2 day of October last in the Case of John Lockhart, and Kuhn and Kerns, being taken into consideration, Ordered that there shall be returned on Lockharts Warrant such part of the Land as is marked in the said Draught as the Improvem't of Lockhart, and is not included in Werts Patent,

and such part as is not included in Kuhn and Kerns Survey, also that part marked on the said Draught A to be cutt off by a Line to be run from the Circle of the Centre of the Line, running East from the post to the Poplar Corner, and Paralell to the Line South seventy perches from a White Oak as marked in said Drafft.

The Survey of Robert Smiths 111 Acres made by Bartram Galbreath pursuant to Order of the Board in March, 1775 in the Case between Carr and Clark, being considered, It is ordered to be accepted and Patent issued.

Allowed a Warrant to Resurvey a Tract granted by Patent dated 8 August, 1787 to Thomas Newbold, and Surveyed on Warr't to Arthur Harper, dated the 4 day of March, 1773.

It appearing by a Certificate of Charles Lukens that the Survey of 78 Acres made on Warrant to Michael Miller, was part of Land held with Improvement made 41 Years before, Ordered that the Interest commence at that time, and for the remainder of the 96 Acres now returned on said Warrant from the date of said Resurvey or Survey.

William Finley, Esquire, laid before the Board the deposition of William Darough taken by John Shields, Esquire, together with a Certificate thereon endorsed of the said Finley to John Moore, Esq., that the Plantation of John Wilson was Vacated in the course of the last War, "by force of the Indians, and that they "believed the want of form in the Certificate was owing to the "mistake or ignorance of the subscribing Justice," Which Certificate and deposition being considered an Exemption according to Law is allowed Wilson.

Mr. Keble produced an Instrument in writing dated 2 Feb'y, Ins't under the Hand and Seal of Samuel Fisher, and John Sanderson, declaring that they were satisfied with the Lines of their Surveys as returned into the Surveyor Generals Office which writing being considered Patents are allowed them according to said Surveys, notwithstanding they somewhat differ (as is fair) from the Lines directed by the Board of Property the 30 November, 1768.

James Lowry  
v.  
William Beer. }

[Omitted the first Monday in Junē last.]

Lowry not appearing Beer was heard exparte, Whereon it appears that Beer has a Warr't and Survey prior to any Claim of Lowry, Therefore he said Beer is allowed a Patent unless Lowry shew Cause to the Contrary the first Monday in September next.

Peter Stroup	} On Caveat.
v.	
The Heirs of Philip Weiser.	

On hearing the parties and examining a variety of Testimony produced it appears that Philip Weiser took out a Warrant for the Land in controversy in the Year 1775 for the Use of Peter Stroup, And on the death Bed of said Philip he desired his Wife to make a Bill of Sale to said Stroup, which she accordingly did, and it appearing that the said Stroup is vested with the right of a Warr't to Ulrich Zimmerman, dated 3 February, 1775, for the same land which is prior to Philip Weisers, Therefore Ordered that the Survey shall be returned on both the said Warrants, and Patent granted to said Stroup.

Stephen Rybolt  
 v.  
 John Montgomery. } On Caveat.

On hearing the Parties it appears that the land or a part thereof claimed by Raybold is included in a Survey made by Robert McCrea of about 900 Acres for said Montgomery on a Special Application No. 14 of him and Abr. Stewart which (with other Surveys) was Ordered to be accepted in the Year 1770 by Governor Penn, Therefore Ordered that no part of the Land within that Survey shall be returned for Rybold but that the Land out of the lines or bounds thereof on which his House Stands shall be Surveyed and returned for him.

James McCaughy  
 v.  
 William Ashbridge. }  
 Postponed to the first Monday in October next.

Witherow & Noble  
 v.  
 William Ashbridge. }  
 Postponed to the first Monday in October next.

Ephraim Wallace  
 v.  
 George Henry. }

George Henry not appearing tho' duly notified Wallace was heard exparte, Whereon it appears that George Henry had a Survey of 399 Acres made on a Warrant to Joseph Irwin, & that Wallace hath a Warrant for three hundred Acres of the same a few Months later than Erwins, that both parties had purchased the right of some trifling Improvement of little or no consequence, That Wallace went to live on the same with his Family made considerable Improvements and continued several Years thereon untill forced to flee through force or fear of the Indians, That the Commissioners of the County of Westmoreland (wherein the Land lies) made Sale of 100 Acres of said Land joining the Line of Matthew Jack, and William Graham for the satisfaction of the Taxes due to George Henry, That there is 99 Acres more Land in the Survey than the quantity of Wallaces Warrant. It is Ordered that 200 Acres shall be returned on Wallaces Warrant including his Improvement and 199 Acres for George Henry on Erwins Warrant, Joining and along the Lines of said Math. Jack, and the Lines of William Gray, and William Campbell.

Henry Stofflet  
 v.  
 Casper Houser. }

Postponed to the first Monday in June next, in Order that the

late Order on a dispute between Joseph Martin and said Stofflet and others may be executed.

Jacob Kauffman

v.

Frederick Meyer.

A dispute continued from the first Monday in November last to this time.

On hearing the Parties and examining the Testimony procured since the former hearing and now offered, It is Ordered that a Survey of that part of a Tract marked D in a Drafft made by Adam Little late Deputy Surveyor now before the Board which joins said Kauffmans other Land & Peter Lears land, so far as the dotted Line shall be returned for Kauffman, on his Application, and the other part thereof next and adjoining Henry Gressler shall be returned or said Meyer, on his Warrant dated the 20 day of April, 1785.

On a dispute continued from the first Monday in September last to the first Monday in Feb'ry. And now Mr. Gallatin produced a Draught made by A. McClean, Esq., pursuant to Order of the Board the first Monday in September which being taken into Consideration together with the Testimony formerly and now of fered, It appears that there were small deadening of Trees which were by some called Improvements about the year 1769 by Mr. Donald, That Samuel White settled and made an Improvement in the year 1775, which became vested in Andrew Link, who cleared ab't 10 Acres and raised Grain thereon, and afterwards sold the same for a valuable Consideration to George Wilson, That since McDonald hath made a very valuable Imp't and is now living with his family thereon, and hath the first Warrant. Ordered that the Surveys shall be made for each of the said Parties on their said Warrants in proportion to the quantities therein expressed respectively in such manner as will best accommodate the Parties, not comprehending in the Estimate of such proportions the 40 Acres purchased from Lockhart by Link who sold to George Wilson but including it in the Survey for Wilsons Heirs, And it is the Opinion of the Board that the place Imp'd by Link should also if possible be taken into the Survey of s'd Heirs, And if the Deputy Surveyor shall think it necessary to take with him two disinterested judicious persons to assist him in making the said Survey agreeable to the meaning thereof, he is hereby requested so to do.

John Maclay, Esquire, applied for a Patent for 241 Acres 63

perches of Land in Southampton Township, Franklin County, Surveyed by Warrant dated 15 Decem., 1752, to John Finley, and the other dated 3d June, 1773 to Jacob Miller, And for 185 Acres 29 perches to Joseph Finley on Warrant dated 11 January, 1792, And he producing a Deed from, the said John Finley dated 6 Aprril, 1782, for a Tract of Land containing 406 Acres of Metes and Bounds, in the same Deed expressed which comprehends the whole of the aforementioned Surveys therefore as it is deemed not proper that the said Joseph Finley should have taken the last Warrant the land being contained in the same Deed & that Deed recites that the whole 406 A's was Surveyed on the Warr't of 1752, Ordered that Matthew Henderson, Esquire, return the whole on the said three Warrants in one Plott and that the said Finley shall have a Patent for the same, he paying Intrest from 6 months after date of John Finleys Warrant, and in the settlement of the Acc't the Receiver General is to allow the Money paid on the said three Warrants.

William Norris

 Robert Hamilton  
 Thomas Rankin.

On Application of John Hoge, Esq., Ordered that Patents be allowed to James Ross, Esquire, on these four Tracts, as it does not appear that they interfere either with one another or with the claim of any other person, But as it is possible that the two remaining Tracts of Mr. Ross in the names of Michael Marshall and William Norris (both of which appear to be Caveated) may interfere with Claims of Nathaniel Bower and Van Swearengen, The Board are of Opinion that Citations issue and be served on the Parties, at least thirty Days before the Trial, which will be on the first Monday in January next, to which time these two Cases are postponed.

Allowed a Patent to the Heirs of Thomas Smith for a Tract of Land Surveyed on Andrew Kerrs Application upon the Title and proof of Title produced.

Postponed to the first Monday in May next.

On examining a Survey of 519 A's made on Warrant dated 17 May, 1785, No. 466 for John Nixon, Esquire, and taking into consideration the information of Thomas Tucker the then Surveyor of the District where the said Land is situate, (formerly given) the said Survey is Ordered to be accepted.

The Papers sent by James Hamilton, Esquire, in behalf of Charlotte Carlisle, against James Ramsey, being considered it is judged that no sufficient cause is shewn to prevent Ramsey from having his Patent, therefore he is allowed a Patent.

The Case between William Wilson and Isaac Israel or Israelow being taken into consideration on a second Caveat, the same is dismissed and Israel allowed a Patent.

John Small Son of Henry Small, deceased, appeared and requested the determination of a Case long depending on Caveat James Snodgrass against said Henry, and on examining the Minutes it appears that nothing was done on the first Monday in February last, to which time the said Case had been postponed, therefore it is resolved peremptorily to hear and determine this dispute on the first Monday in June next, Snodgrass having a Copy of this minute given him at least thirty days before the said first Monday in June.

Owen Jones

On hearing Mr. Jones who claims under Jesse Lukens in right of David Stevens, Sen., and the said Sutherland, it appears that said Lukens in the year 1773 brought an Ejectment against said Sutherland, and in November Term, 1774 a Jury found for Sutherland the Defendant, Therefore Ord'd that Sutherland shall be allowed a Patent.

John Sholl  
 v.  
 Leonard Strickle. } On Caveat.

It appearing that Andrew Sholl Father of John hath the first Warrant therefore Ordered that the Survey shall be returned for him.

Thomas Greer  
 v.  
 Wm. Moore. } On Caveat.

On hearing the Council of the Parties and taking into consideration their Testimony and a Return of a Resurvey made by Wm. Lyon the Deputy Surveyor of the District pursuant to Order of the Board the 5 day of December last, It is the opinion of the Board that the 90 As. 89 Ps. of Land in controversy, is included within the Bounds of a Tract held and claimed by Greer under a Warrant dated 8 Sep'r, 1755 to Andrew McCallister, and therefore Ordered that the Survey of Moor on Jordans Warrant shall not be accepted, and that Greer pay for the whole Land he claims according to the Terms of McCallisters War't having credit for the money paid on his, McCallisters & Breckbills Warrants.

James Sweeny  
 v.  
 Peter Denckle. }

On hearing the Parties it appears that Sweeny claims by virtue

of a Sheriffs Deed granting one Moiety of a Tract containing 101 Acres taken in Execution as the Estate of Thomas Armor which was said to be held by Armor in right of one Robert Carr, but by a Deed now produced it appears that Armor had long before conveyed that Moiety of said Tract to one George Eighelberger, therefore it is the opinion of the Board, that Sweeny can support no claim on that Sale and Deed, and consequently that his Caveat ought to be dismissed.

James Marshall

v.

Peter Denckle.

On hearing the Parties it is the Opinion of the Board that the Tract formerly called  $8\frac{1}{2}$  Acres by Wm. Matthews, and now by Mr. Kersey called  $5\frac{1}{2}$  Acres in a Draught or Plot marked with red Ink now produced and which is comprehended in a Survey of 139 As. made for Marshall on Warrant to Richard Howe and others is all that Marshall ought to have but as Dinckle offers a half perch broad along the line of Christian Eby so as to join Yont (in Order to answer the description in a Deed from Dinckle) the Surveyor may make such alteration in the Surveys of the Parties if Marshall shall choose.

Alexander Smith appearing in Order to support his complaint against Wm. Kersey expressed in a minute in the 10 March last, and Mr. Kersey appearing to answer were heard. Mr. Kersey informed that he had Surveyed 72 As. on his said Smiths 100 Acre Warrant, that there was vacant Land sufficient to fill his Warrant, but that he would not accept the same, and insisted upon taking into his Survey Land long held, and improved by Wm. Jameson, who being present, and making the same manifest, It is ordered that the Surveyor make up as near the quantity of Smiths Warrant as may be without encroaching on Jameson's improvement or cleared Land that Jameson be allowed a Warrant for forty six Acres including his said improvement, and as to the claim of James McCanless now made on his War't against Alexander Smith it is judged not to be admissable.

Alexander Smith appearing on behalf of the Petitioners in support of the Petition mentioned in a minute of the 10 March last, and Mr. Wm. Kersey also attending they were heard, and the Petition read, Whereon it appears that the complaint made by Alexander Smith against Wm. Kersey is without any foundation, as will appear more fully by reference to a minute of this Day in a case between said Smith and Wm. Jameson, And as to the particular charge set forth in the said Petition "That said Kersey "and a certain James McCanless were connected and ran shares "in the profits in the sales of Lands to the injury of the people in

"that Neighbourhood." The Board are clearly of Opinion that the said charge is unsupported and therefore as far as they can with propriety act in this business, do acquit him thereof, and of every other charge exhibited against the said Kersey in the Petition aforesaid, no Testimony having been produced to support the same.

James Caruthers	}
v.	
Jacob Alters & the	
Heirs of Wm. Caruthers	
v.	
said Alters.	

It appearing by a Certificate of the Prothonotary that Jacob Alter hath withdrawn his action in Ejectment against Armstrong Caruthers one of the Heir of Wm. Caruthers, Alter is allowed a Patent agreeable to the Survey made by Samuel Lyon in pursuance of a Grant of Samuel Blunston a'd 26 of 2d Month, 1734 to Charles Kilgore and it is Ord'd by the Board that the monies paid upon his Warr't of the third day of April, 1788 be allowed in his acc't in the Receiver Generals Office.

v.

On hearing the Parties it appears that the Land in contest is about 8 Acres which Rippey claims by Warrant to Wm. Campbell dated the 30 day of Septm. 1774. That after the same Warrant was granted the said Land was included in a Survey made on a Wt. dated in the year 1779 to Samuel Reynolds under whom John claims, there being land sufficient to have filled that Warrant more agreeable to its Location without taking in the piece granted to Campbell. Therefore it is Ordered that a Survey shall be made and returned for Rippey on Campbells Warrant of about 8 Acres as marked with the Letter A in a Plot made by Mr. Menderson now before the Board.

Isaac Cobble  
 v.  
 Henry Zartman. } On Caveat.

On hearing the Parties it appears that Cobble hath a Warrant for 225 Acres dated 5 April, 1786 And that Zartman hath a Warrant for three hundred Acres dated 20 October, 1790, including an improvement. That there is 103 As. of Land within the bounds of Cobbles claim clear of dispute and that there is 164 Acres disputed. It is Ordered that William Gray, Samuel Weiser and Peter Ferster (who are mutually chosen) shall make the Surveys of the said Parties in the most commodious manner for them and return the same to the Board the first Monday in Decem. next.

McClean not appearing but sending his Papers and Fletcher being heard and his Testimony together with a representation of the Lands in dispute made by Mr. Canon being examined, It is Ordered that Samuel Fletcher's survey be made and returned on his Warrant for One hundred and fifty Acres.

James Snodgrass  
 v.  
 Henry Small. } On Caveat.

On hearing Mr. John Small Son of said Henry who is now deceased, and the said Snodgrass, it appears that a Survey of 118 Acres 112 Ps. was made on the 22 August, 1783 on an Application No. 1776 entered 3 April, 1769 by James Robinson under whom Small claims, And that Snodgrass claims as well by an Application No. 1820 entered the third day of April aforesaid in the name of John Thompson as by two Warrants taken out by Snodgrass part of which was intended for the same Land. It is the Opinion

of the Board that as Smalls pretensions is founded on the first Application and Survey & as there appears no improvement of any consequence prior to James Robinsons Application, therefore it is Ordered that the said survey shall be accepted and Patent granted on payment of the purchase money, &c., agreeable to Law.

v.

Peter Fessler.

Reed going out of Town before his Trial came on, Fessler was heard exparte, and appearing that Fessler hath a Warrant dated 7 March, 1792 for one hundred Acres which is Ordered to be executed and Reeds Caveat dismissed.

Mr. Owen Ashton applied for a Patent to Samuel Dryden, but it appearing by some remarks of Mr. Henderson the Deputy Surveyor that he was suspicious the Survey of Dryden was included in or interfered with a Survey of the Heirs of Wm. Plumstead. Mr. Archabald McCall one of the Executors of said Plumstead was therefore notified of Drydens Application for a Patent, in Order that if there was any objection it might be made known, and Mr. McCall sent several Draughts and Papers to the Board, he being unwell & not able to attend himself, but Mr. Ashton went out of Town before it was ascertained whether there was any interference, therefore this Case is postponed for further consideration.

James French  
 v.  
 James Hamilton. } On Caveat.

This case being postponed from the first Monday in June instant. The Warrant and Surveys of the Parties, together with their Testimony was taken into consideration, Whereon it appears that French claims under Warrant to Lot French dated 14 November, 1789, for two hundred Acres including his improvement on the Westside of the Raystown branch of Juniata extending to the upper crossing on which a Survey hath been returned of 120 As. twenty perches which seems to interfere with a survey of 443 Acres made for Mr. Hamilton on a Wt. to John Holms dated 11 Novem. aforesaid for 400 As. on Allequippa Ridge on the South side of the Warrior ridge, adjoining Land of Thomas Woods That some mistake hath been made by Mr. Woods the Deputy Surveyor in returning the said French's Survey That the quantity of Mr. Hamilton's Survey exceeds that of his Warrant, and further it is suggested that a Survey hath been made for French with his consent in another place, The Board therefore Order that the parties voluntarily shall each choose a person who with the present Deputy Surveyor shall hear their Testimony and make their Surveys as agreeable to their Locations and quantity of their Warr'ts respectively as may be, and if it shall appears that a Survey was made in another place for French with his consent, that a Draught thereof as well as their other Surveys be returned to the Board the first Monday in January next in Order that a Decision may be made in this Case, and the parties further heard if they shall think proper.

Benjamin Chew, Esquire, exhibited a Memorial "setting forth" That an "Order was granted by the late Propri's of the then Province of Pennsylvania bearing date the 10 August, 1769 for five "thousand Acres of Land to be laid out and Surveyed for him "upon the head branches or Lakes of Fishing Creek, which runs "into the North East branch of Susquehanna in one or more "Tract or Tracts anywhere above the first forks or upon the Lake "or Lakes at the heads of the branches, as by the said Order or "record in the Land Office appears. That in pursuance of the said "Order a Survey was made on Fishing Creek by Charles Stewart "then Surveyor of that District intended to include the quantity "of 2254 Acres in part of the said Order, but on a Resurvey it was "found that there was but about 400 As. of Land clear of prior "Surveys, That in pursuance also of the said Order two other "Tracts were surveyed for him in the Month of October in the "year 1773 by Jesse Lukens the Deputy Surveyor of the District, "one on Green Creek and the other on little Fishing Creek, That

“the said Jesse Lukens immediately acquainted the Memorialist that he had made the said Surveys for him, and then put into his Hands rough Draughts (now ready to be produced) and engaged to make regular returns into the Surveyor Generals Office with all convenient dispatch, but at the same time informed that he had comprehended in the said Surveys a greater quantity of Land than wou’d be sufficient to satisfy the said Order, from a well grounded apprehension and belief that on further examination it would be found that some prior Surveys had been made within the lines and bounds of the said two Surveys made as aforesaid by which it would be necessary for him to regulate and correct the said Surveys and Draught before he made return of the same, But it unfortunately happened that the said Jesse Lukens died soon afterw’d without making any return of the said Surveys.”

As by the said Memorial filed by the Secretary of the Land Office appears, and the Board are examining these Surveys which are in the Hand writing of the said Jesse Lukens, and taking this Case into consideration, Orders that the Surveyor General cause to be made a Resurvey of the said Two Tracts of Land surveyed by the said Jesse Lukens with directions to the Deputy Surveyor to ascertain the time when the said Surveys were made, either by Testimony to be procured or by blocking some of the Lines and Corner Trees, And on his Draught to denote the Claims of any person or persons within the same, which he can come to the knowledge of, And it is Ordered that a Return be made to the Surveyor General with all convenient Dispatch.

It appearing by the Papers and Deeds now produced that John Shock who now applies for a Patent, hath purch’d both the right of Peter Hartung and Godfrey Groe or Crowe (which said Peter entered a Caveat in the year 1773 against said Godfrey, Therefore the Cavent is dismissed and Shock allowed a Patent.

ance of an Order of the Board, and requested a Patent for the same, but on examining the Minutes of the Board in a Case between said Beaty and Thomas Sutherland on the 7th Day of Novem. last, it appears that the  $67\frac{3}{4}$  Acres was Ordered to be returned on Beatys Warrant and fifty Acres joining thereto, which was originally included in Thomas Sutherlands Survey on his Application was to be also returned for him said Beaty, as part of Sutherlands Survey, and that the said fifty Acres being within the bounds of Sutherlands Survey on which a Decision was made on the seventh day of May last in favor of Sutherland against Owen Jones who claims under Jesse Lukens in right of David Stephens, Sen'r App'n the Board allowed Beaty his Patent  $67\frac{3}{4}$  Acres on his Warrant, but the M Section of the Law passed the third day of April last entitled "An Act for the sale of Vacant Lands on this Commonwealth" prohibiting for 6 months a Patent from issuing in cases where a Decision has been made, by the Board, &c., prevents the granting a Patent for the fifty Acres held by Beaty under Sutherland until the expiration of six Months from the seventh day of May last, when on the producing a Certificate from the Prothonotary that no Action is commenced Patent may issue to Beaty.

The Case of Messrs. Penns  
 v.  
 Stephen Shewell & Chas. Hurst. }

The Board resumed the consideration of this Case postponed from the 6 February last to the first Monday in May and from then continued to this time, and on hearing Mr. Anthony Butler Agent for the Penns & Mr. Hurst in his own right and in behalf of Mr. Shewell it appears that said Shewell and Hurst desire two Draffts or Plotts made by a certain Benjamin Davis on the 23 February, 1789, which he says are agreeable to Surveys made by Josiah Jones, and John Ferguson on the 13 and 14 days of December, 1768, in right of Wm. Frampton, Aaron Sonmana, and Francis Smith respectively may be accepted, And the Board taking the same together with the Field Notes of Jones & Ferguson, who were not legal Deputy Surveyors (now produced into consideration, are of opinion that the said surveys are so imperfect and irregular, and the expression & terms made use of in them so different from those used by any Surveyors in the late Province or now State of Pennsylvania (Which from divers Depositions now produced seems to be the Opinion of Jones himself by his desiring Joseph Wallis to make a Survey or Resurvey on the land he pretended to have Surveyed so late as the year 1770 or 1771) that they cannot be received into the Surveyor Generals Office more especially as the Land before these Surveys (if they can be called Surveys) was appropriated to the proprietaries own use by Warrant dated 29 Octob'r, 1768 particularly describing the place, and Ordering to be surveyed the quantity of Five thousand Acres on Shamokin Susquehanna and Lands thereabouts including the old Fort called Augusta, and by a regular Survey of 4476 As. made thereon 19 Decem. 1769, which is duly returned into the Surveyor Gen'ls Office, on part of which the Town of Sunbury is now erected, And therefore it is Ordered that the said Surveys of Shewell and Hurst shall not be accepted.

A Certificate of John Hoge, Esq'r Deputy Surveyor made on a copy of a Survey of Phineas Killum, on which he has denoted the interference of Phillips and Hill with said Survey, pursuant to Order of the Board of the third day of January last, being taken into consideration, and Mr. Brackenridge disclaiming any right or claim to the 40 Acres the quantity of the interference. Therefore Ordered that the said Survey of Killum shall be corrected accordingly, and Patent issue thereon, and the deposition of John Heaton respecting Killum being driven by the Indians being considered, the Exoneration of Intrest is allowed according to Law.

Mr. Aaron Levy laid before the Board a Plot of divers Surveys made on Lands on Moshannon waters, for John Loudon and company some of which were on Warrants of 10 Novem. 1773, to David Zeigler & others, and some on Warrants in the year 1784. And on comparing the said Plott with the Location of the said Warrants in the Warrant Book and considering the Certificate and Letter of Joseph Wallis the Deputy Surv'r it it thought proper that the Surveyor General shall give a Certificate to the Receiver General who shall allow the monies paid on the following Warrants To wit, Christian Ketler, William Wistar, Daniel Wister, Joseph Potts, Andrew Douglass, Joseph McKean, Simon Gratz, Hillary Baker, Samuel Miles, John Morgan, Amos Taylor, Frederick Pettibone, Thomas Potts, Emanuel Josephson, Leonard Hawker, Clement Bidle, Aaron Levy, Michael Gratz, Jacob Morgan, Christian Lawler, and ——— Baker, in payment for other Land, the said Warrant appearing to be of posterior date located on the said Land of Loudon & Company.

Hugh H. Brackenridge, Esq'r, laid before the Board a copy of a Warrant dated 7th August, 1789, to him for 400 As. of Land in Washington County, together with a Certificate of John Hoge,

Esq'r, Deputy Surveyor, that the Land thereby granted was surveyed by a prior Warrant of Matthew Irwin, which Certificate being considered the same though not exactly agreeable to the form prescribed by the Surveyor General, yet it is deemed sufficient, and the Surveyor General is desired to give a Certificate to the Receiver General, who is desired to allow the Money paid on said Warrant in payment for other land agreeable to Law.

Hugh H. Brackenridge laid before the Board a Certificate of Benjamin Lodge, Deputy Surveyor, certifying "that the Land granted by Warrant of the 12 May, 1786, to William Jones was surveyed on a Warrant to Jonathan Smith dated 19 February, 1787, and that a Patent had issued to one Lorman of Baltimore." And on examining the Survey and Records of the Land Office it appears that a Patent did issue to said Lorman on the 7 June, 1788, therefore the Surveyor General is directed to give a Certificate to the Rec'r General, who shall allow the monies paid at taking out the said Warrant to him, her, or them, who have a right to the same claiming under said Jones.

Mr. Josiah Matlack appeared before the Board and stated that by virtue of an Indenture dated 17 January, 1786, made between Samuel Burrows of New Jersey Yeoman, and Mary his Wife of the one part, and the said Josiah Matlack of the other part, he became seized (int. al.) of eleven Tracts of Land Situate in Nitany Valley formerly in the County of Northumberland now in the County of Mifflin, which was granted to the said Samuel Burrus by the late Proprietaries of Pennsylvania by several Patents all dated 13 June, 1776, which Tracts were Surveyed on Warrants One of said Burrus dated 1 February, 1775, and all the other dated 5 Decem. 1774 to the persons following, viz't Thomas Canby, Henry Burr, Elijah Weed, Joseph Cooper, James Cooper, William

Cooper, Samuel Cooper, Hawkins Boone, Uriah Woolman and Thomas Reese, That on his said Matlack going on the said Lands and examining the Lines and courses of the said Patents, he found many of the lines not marked, and some of other irregularities in the Surveys on which the Patents aforesaid were founded, and therefore desired that the Board would make such Order as might be deemed proper to correct any Irregularities or Errors in the said Surveys and more fully to ascertain and make out the Lines of each Tract, Which request being taken into consideration, it is Ordered that the Surveyor General shall direct the deputy Surveyor of the District in which said Lands lie to make a Resurvey of each and every of the said Tracts agreeable to the Lines called for in the said Surveys and Patents and if any of the Lines shall appear not to have been marked at the time when the Surveys were made, to mark the same, And to make a return of such Surveys to this Board with all possible expedition, denoting on a General Plott thereof, if any person or persons have any claim or Right to the same, by Warrant or otherwise, or interference therewith, he can discover in Order that such further proceedings may be taken as shall be deemed proper.

Adam Wedner	} On Caveat.
v.	
John Gable.	

On hearing the parties it appears that Wedner hath purchased of Gable the right of a Warrant to John Gable, Father of said John dated in the year 1775 for 5 Acres which was intended for a part of a Tract bought by Wedner from the s'd Gable the Father or his Executors, and since Patented. And there is a piece of Vacant Land joining that will suit its Location, And that John Gable the Son, after conveying the said five Acre Warrant Right to Wedner took out a Warrant in the year 1792, by which he claims the Land in dispute, On considering this Case, it is Ordered that the Five Acre Warrant shall be executed joining his Patented Land so as to include his Meadow Ground, and

that the Remainder of the Vacancy shall be returned for Gable on his Warrant, Which is agreed to by the said Parties.

Andrew Walker and	}	On Caveat.
Robert Walker		
v.		
Samuel Walker.		

Andrew Walker not appearing to shew cause why Patent shou'd not issue, as directed by the Board last November, nor did Robert Walker appear on a Citation issued on his Caveat against said Samuel Walker, Therefore it is Ordered that the first Order shall stand, and that Robert Walkers Caveat shall be dismissed.

George Dickson produced a Report of Matthew Anderson, Francis Elliot, and Robert Johnston three of the Men appointed by the Board on the 7 Feb'y, 1791 and a Survey made for Dickson pursuant thereto, which was accepted, and Patent Ordered to Dickson.

Mr. John Capp laid before the Board a Draught or Plot of a Survey of a Tract of 50 Acres of Land Situate in Martick Township, in the County of Lancaster said to be made by a Deputy of Mr. Cookson, for a certain Patrick McKle Car by virtue of a Warrant dated 30 Decem. 1749, and also an additional Plot of land by said Car made by George Churchman bounded by said fifty Acres Tract and the Survey of Robert Churchman, Adam Ventzel, and Samuel Mears, and the said John Capp represented that the right of the Lands aforesaid is now vested in a certain John Ort, and that upon careful searches made in the Surveyor Generals Office, and the Office of the Secretary of the Land Office, no Return of Survey, Warr't or Entry can be found but that an Entry in the Books of the Receiver General is made of fifty Acres in part of the consideration Money paid by said Carr for the said Land on the said 30 Decem. 1749, and therefore he alledged that by some neglect or Mistake the said Wt. did not issue, or is not now to be found, and requested the Board to take such measures for the completion of the Title to the said Lands as might be thought proper. And on consideration of this Case, and examining the Receiver Generals Books (which agree with the above representation as to the payment of the 50 As.). It is Ordered that the Surv. Gen'l shall direct the Deputy Surv'r of the District whereon said Lands lie to make a Resurvey of the said Lands according to the above said Plots or Draughts and to Make a return thereof to this Board with all convenient expedition denoting on the Return of such Resurvey any rights and claims within the same or interferences therewith which the Deputy may be able to discover in Order that such further Steps may be taken as shall be deemed proper.

William Montgomery of Lancaster County and Thomas Armat, appearing were heard, Armat claims under Warrant to John Campbell No. 12 and Montgomery claims under Warrant to William or Wilson Smith No. 1, which appears to be for the same Land, Therefore Ordered that the Survey of 292 As. made for John Campbell shall be returned for Wilson Smith on his Warrant, it being prior to Campbells.

Mr. John Keble appeared and represented that by virtue of instructions Received by Jacob Shank he was authorized to agree for and to take out Patents and pay the Terms following to wit for the three hundred and eighty two As. surveyed to said Shank on Warrant of 12 July, 1791, at the rate of £10 P. Cent. Int. to commence from the 1 October 1739, & for the One hundred & fifty Acres on Warrant dated 1 May 1775, Int. from the 1 May 1775, which agreement the Board approves and confirms.

Samuel Rees	} On Caveat.
v.	
Thomas Willing.	

Mr. Willing not app'g though duly notified Mr. Rees was heard exparte, On which it is thought proper to postpone this Case to the first Monday in December next, in Order that further Testimony may be produced, and Joseph Wallis is desired to furnish the Board with the names of the former, and present owners of the lands on which the Land now in contest bounds, and the reasons he had to suppose that Gibsons Warrant and Rees Warrant was for the same Ground, as on reading the Warrant it does not appear sufficiently clear.

John McBride	}
v.	
Curtis Grub or his Heirs.	

McBride appearing and not proving the service of notice on John Thome one of the Executors of Curtis Grubb who not appearing, Therefore Ordered that McBrides Warrant shall be executed, and the Survey returned within six Months from this time.

Mr. Aaron Levy desired a Caveat ent'd by John Hambright against Charles Williams might be dismissed, as Margden and Brouden the claimants under John Hambright had obtained a Patent for 262 Acres which does not interfere with Williams Sur-

vey, which upon examining the Surveys appears to be the case, and therefore Ordered a Patent to Joseph Limms who claims under Williams.

Ordered that a Warrant of Resurvey issue to correct Errors in a Patent to Andrew Shade or his Executors on producing the Title Deeds, &c. ————— The Report of Alexander McLean, James Harman and ——— Beeson, is in favor of Magnus Tate being read and considered, the same is adopted, and the survey of 86½ Acres, accepted for said Tate, & he is allowed a Patent.

John Reinard in behalf of Thomas Rutter appeared and applied for a Patent for 85 Acres of Land Situate formerly in Coventry Township, in the County of Chester now in East Nantmell Township in the same County surveyed by virtue of a Warrant dated 16 February, 1735 to Thomas Savage, but it appearing that a Note was made on the Draught that Lewis Walker caveated the same, the Patent was deferred until Col. North appeared, who declared that said Lewis Walker was intermarried with Anna one of the Daughters of Samuel Savage, who was brother and Heir-at-law of the said Thomas Savage who died Intestate and without issue, and therefore that Lewis Walker having none but an Estate for life, and his Wife Anna having with other Heirs of the said Samuel, conveyed to the said Thomas Rutter the Board think proper to dismiss the same Caveat. And on further examination of the Records of the Land Office, it appears that a warrant was granted to a certain George Taylor on the —, January 1752, vacating the right of the said Thomas Savage under his Warrant aforesaid, on account of his non-compliance with the terms thereof, and granting the same to the said George Taylor, but the said John Reinard producing a part of the Receiver Gen'l's Receipt for £5 of the purchase money paid by George Taylor at the granting the said vacating Warrant, which hath these words endorsed viz. "Received 8, March 1763 from "James five pounds in ful of the ——— paid by me in the Receiver Gen."

The Board conceive that George Taylor had Transferred his right and gave up the same Receipt, though that part of the

Paper or Receipt on which this Name was or ought to have been wrote, hath been torn off and lost, and therefore a Patent is allowed to the said Thomas Rutter, his Heirs and Assigns for such shares or part for which he hath a Conveyance from the Heirs of Samuel Savage, and to him in Trust for such of the Heirs of the said Samuel, who have not conveyed.

David Drennon.	

On hearing the Agents of the Parties and examining their Testimony it is the opinion of the Board that Drennon hath the first Warrant, and the most substantial and best improvement, therefore Ordered that the Caveat shall be dismissed and Drennon allowed a Patent.

Samuel Pfeifer	}
v.	
Abraham Labar.	}

Postponed to the first Monday in January next.

Thomas Dewees	} On Caveat.
v.	
Samuel Pfeifer.	

On hearing the Parties it appears that the Heirs of Dewees claim two Tracts of Land on two Warr'ts granted in or about the year 1763 to a certain Philip Dewees on one of which Warrants a Survey of a Tract of 270 Acres in Northampton County hath been made, and returned into the Surveyor Generals Office many years agoe, But as it does not appear clear on comparing the Draught of Dewees and Pfeifer whether or not Pfeifers is included in Dewees's or interferes with it. It is Ordered that a copy of the Survey shall be made out and sent to George Palmer the Deputy Surveyor with direction for him to make a Resurvey thereof and

to make a Survey or a Resurvey on the Warrant on which no Survey hath been returned, and on the Plot of draught of such Resurvey or survey to point out any interferences with, or claims in the same. And till this shall be done, this case is postponed to the first Monday in January next.

Mr. Daniel McClintock laid before the Board a Survey made on Warrant to Joseph Beeler, said in the said Survey to be dated in the year 1786, but on examination of the Records it appears that it ought to be dated in 1776 as there is no Warrant to said Beeler in the year 1786, and therefore the Surveyor General is directed to correct the Error aforesaid, And as there is a Note on the said Survey made by Mr. Lodge that Mich'l McHenry claimeu a part because it joined his Land, It is thought proper to allow a Patent to Robert McConnell who claims under said Beeler, it being deemed that the said Note is not sufficient to prevent a Patent from issuing.

Samuel Seely

v.

Christopher Denmark. }

It appearing by a Certificate that Sam'l Seely by endorsement hath given up all right, but on examining the date of the Caveat which is about Twenty two years agoe, it does not appear that he was the Caveator, and therefore had no right to withdraw the Caveat.

The granting a Patent to Sarah Chambers being deferred some time agoe untill George Dixons Survey should be returned least they should interfere with each other. And now Dixon's being returned and compared with a general Drafft made by Mr. Henderson, whereon they do not seem to lay near or interfere, therefore Ordered a Patent.

James Horners Drafft of 275 $\frac{3}{4}$  As. made on Warrant of 25 May 1792, being considered and the Note made by the Deputy Surveyor who says he does not recollect particularly the time of Improvement. Ordered that Interest be paid according to Warr't.

Mr. William Meredith produced to the Board a Deposition of Joseph Thomas, Esq., and Daniel Thomas desposing that David Smith (who had entered a Caveat against said Meredith) was dead many years agoe, and said Smith was gone to Virginia and therefore represented that it was impossible for him to Cite them to answer the said Caveat.

The Heirs of Jacob Alwine

v.

Abraham Fiskey & Fiskey

v.

Thomas Mercer.

Mr. James Clark (who claims under the Heirs of Alwine) appeared before the Board and produced the Report of Michael Huffnagle, William Findley, and John Baird, Esq'rs, to whom these cases were referred by the consent of the Parties at a meeting of the 7 February, 1791, declaring that on hearing the Allegation of the parties and examining the lines they were of Opinion that the land contained within the Lines marked with red Ink, on a Plott now before the Board ought to be confirmed to James Clark and the said Report is confirmed and the Surveys of the parties are directed to be made and returned agreeable to the same Report.

Thomas Sutherland laid before the Board an instrument in writing under the Hand & seal of Owen Jones Executor to the last Will and Testament of Edward Jones, Dec'd who had a conveyance from Jesse Lukens for a Tract of Land called "Pleasant Garden" On Bushy Run in Buffaloe Township, North'd County which Land in said instrument was declared to be claimed by said Sutherland, and that the same was by him recovered at Law and was also determined by the Board of Property in favor of Sutherland, and therefore the said Jones released all right and Title, and did thereby agree that he said Sutherland ought to have a Patent notwithstanding the prohibition contained in the 11 Section of the Act passed the 3d April last, entitled "An Act for the sale of Vacant Lands in this Commonwealth" Whereupon a Patent is Ordered to be granted.

The Petition of Samuel Shade, and Philip Kemp setting forth that a Patent issued the 13 March, 1784, to Andrew Shade for 140 Acres of Land in Tulpehocken Township, Berks County, and that on comparing the Lines and courses of the Patent with those already marked it appears not to answer in any degree, and therefore prayed for a Warrant of Resurvey to rectify the Errors agreeable to the said Petition, Whereupon Ordered that a Warrant issue for that purpose.

On hearing the Parties it appears that a Survey was made for Sebastian Kestetter on an Application of Andrew Shaffer No. 2900 but returned by mistake in the name of Michael, who had an application much later than Shaffers, Therefore it is Ordered that the Survey returned for Michael, shall be returned for the Heirs of Sebastian Kestetter on Andrew Shaffers Application by the Surveyor General into the Office of the Secretary of the Land Office.

James Packer }  
v. } On Caveat.  
Edward Beaty. }

James Packer and the Son of Edward Beaty, appearing they were heard, and it appears that Packer hath a Warrant dated 23d Septem. 1774 for 25 As. of Land including a Mill Seat on the mouth of Water Street, and adjoining Juniata in Bedford County which being long prior to Beatys Warrant it is Ordered that the said Warrant of Packer shall be executed agreeable to its Location, and the remainder of the Vacancy Surveyed and returned for Beaty including his present Dwelling place and improvem'ts contiguous thereto.

James Guthery }  
v. } On Caveat.  
Jas. McLaughlin. }

On hearing the Parties it appears that both parties claim under an Application in the name of Hugh Kinney (al's Finney) Guthery claims only 10 Acres as Attorney for one Thompson, but for which he can produce no conveyance, and Mr. McLaughlin producing a Sherriffs Deed for the same ten Acres, as well as a Deed for the remainder of the Survey from Finney to him, It is Ordered that the said McLaughlin shall be allowed a Patent.

James McConaughy }  
v. }

The parties appearing produced an instrument in writing under

the hand and Seal of James Moore Esq'r, in the words following to wit "Whereas James McConaughy did on the 18th April, 1791, "enter a Caveat in the Land Office against the acceptance of a "Survey or Surveys for William Ashbridge in Path Valley Sur- "veyed by Applications in the names of John Brown, David "Brown, George Gooding, George James, Michael Randle, Benja- "min Brown, Jun'r, George Ashbridge, Daniel Ashbridge, Jane "Brown, John Potts and Thos. Whereby it appears that the dispute is Sealed, Therefore the Ca-  
veat is dismissed.

Colonel Johnston applies for a Patent in behalf of Matthias  
Slough for a Tract of Land surveyed on a Warrant to Samuel

Meyer but there being no Transfer, Will, or other Documents, from Samuel, the Secretary of the Land Office could not properly according to common Usage allow the same, therefore he Laid before the Board the papers, which being taken into consideration, it is thought proper to allow Mr. Slough a Patent, notwithstanding it does not appear how Jacob Meyer became entitled, because the Orphans Court had Ordered this Land to his Dau. Mary (who married Joseph Carl, and they have both conveyed to said Slough) And therefore it is presumable that Jacob Meyer was some how entitled under Samuel Meyer the Warrantee, tho' nothing appears to that purpose among the Papers produced.

James Hutchinson  
                   v.  
 James McCandless. } On Caveat.

On hearing the Parties it appears that Hutchinson and one Finley have an Action depending in the Court in York County respecting a Tract of Land called "The Rounds" cont'g Eighty Acres or thereabouts Patented to said Finley which 80 Acres as well as a Tract of about 139 Acres surveyed for McCandless the said Hutchinson claims by Virtue of an Application of Rowland Rogers and William Elder, Therefore it is thought proper to postpone the determination of this dispute, between Hutchinson and McCandless, untill the issue of the said Law suit be known.

Mr. Cadwalader Evans applied for a Patent to Chalkley James (In Trust for the Creditors of Dan'l Clark) for 274 As. 152 ps. in Southampton Township in the County of Franklin, Surveyed on Warrant to Adam Hoops dated 25 August, 1753, And on inspecting the Title Deeds it is found in the Deed from Adam Hoops to his son in Law Dan'l Clark, and from Clark to Abel James and others a Recital as follows that by virtue of the said Warrant a Tract of Land had been Surveyed Beginning at a black Oak in the line of John Johnstons Land thence by the same North seven degrees East three hundred and forty three perches to a Hickory and North twenty seven degrees West ninety four perches to a post thence by Land of James Culbertson North forty five degrees East one hundred and sixty five perches to a black Oak Grub thence by Vacant Land South sixty four degrees East One hundred and twenty eight perches to a Hickory North seventy six degrees East sixty nine perches to a black Oak, and South fifteen degrees East fifty two perches to a post in the line of Will Blyths Land, thence by same South eighteen degrees West one hundred and thirty nine perches to a black Oak, and South eleven degrees East forty seven perches to a Hickory thence by Daniel Duncans Land South forty five degrees twenty five minutes West three hundred and ninety perches to the beginning containing Six hundred and thirty six Acres twenty perches and allowance of Six P. Ct. &c. By which it appears that a Tract of Land of that quantity and by the Bounds aforesaid hath been surveyed, held and claimed many years, And a Warrant hath lately issued to the said Chalkley James in Trust for the Creditors of Daniel Clark for a part of the said Tract, It is thought most proper for the Purchasers or Claimants of the said Lands, and Ordered that Matthew Henderson should make a Resurvey and Return of the land above described on the said Warrant of Adam Hoops in Order that a Patent may issue to said Chalkley James he paying according to the Terms of Hoops Warrant aforesaid. And in the settlement of the Account the Receiver General is directed to give credit for the money paid on the said late Warrant.

Mr. Reuben Haines appeared, and applied for a Patent for 280 Acres of Land Situate on White Deer hole Creek, in the County of Northumberland, Surveyed on App. No. 1210 entered the third day of April, 1769 by John Robinson for which there are produced regular conveyances devising the Title from Robinson to James McLaughlin save one from Benjamin Dean to said Haines which is recited to be dated the —— day of July, 1777. And Mr. Haines producing an Affirmation of his Son ————— Haines that the said Deed from Dean was left to be Recorded in the said County, he said McGlaughlin is allowed a Patent.

It appearing by a Note pinned to the Drafft of 50 Acres of Land in Londonderry Township, Lancaster County, Surveyed on Warrant dated 18th October, 1770 to John Hoover, that Mr. Britian had an Older Application for the same, therefore the granting a Patent was deferred, and now Mr. Keble in behalf of Herman Barnhart producing a Quit claim from the Heirs of Valentine Delabaugh to whom Britians Right was conveyed by Deed now produced, a Patent is allowed.

Mr. John Wright applied for Patents to John Bleakley and

Thomas Moorehead, the surveys were compared, and appear to be as Mr. Alexander McClean has Certified them to be made agreeable to Order of the Board the —— day of —— and therefore they are allowed Patents on their Surveys respectively.

The Board resumed the consideration of the Case Timothy Sheen and others against Col. And as the Surveyor General was by reason of his indisposition prevented from writing for some information (which was deemed necessary, before a decision) longer than otherwise would have been the case, and as no answer to his Letter having been given by Messrs. Nevill and Hooper (to whom he has wrote) this case is further kept under advisement, And the Surveyor General is desired to send to Mr. Nevill a Duplicate of his Letter, least it may have miscarried, also to send a copy of his said Letter to Mr. Matthew Ritchie his late Partner in Office requesting them to furnish the Board with such information, as they may be able to give on the subject.

John Marshal }  
v. } On Caveat.  
John Brown. }

On hearing the parties it appears that Brown has a Warrant joining Joseph Cox, said Brown, and Others, that Marshal claims dated the 9 of August last, for 76 Acres including an improvement by an improvement made by one Longmore, Which improvement Brown alleges is included in the lines of a Tract of land called "Popish Plains" granted by Patent to Robert Kelly. As neither of the parties have an Testimony as to this point, It is Ordered that the Deputy Surveyor of the District shall make a Survey of the Vacancy for which Browns Warrant was obtained, and shall make a return or plott to this Board on the first Monday in January next, pointing out the Situation, Extent, and kind of Longmore's improvement, and whether or not the lines of the Popish Plains includes it. Also any other observations he may think proper to elucidate this dispute.

Jeremiah Jackson }  
v. } On Caveat.  
George Moore. }

On hearing George Moore, and reading a Letter from Jeremiah Jackson enclosing a Certificate of Wm. Gray, and examining their Warrants and Surveys, It appears that each party hath a Survey, Jackson one of One hundred Acres made on a Warrant dated the — day of — 1775 to Adam Christ. And Moore one for 418 Acres on his Warrant of 400 Acres dated the — day of — 1785. Therefore as Jackson has the prior Warrant (for one hundred Acres) and that Moore has more than the quantity of his Warrant Surveyed It is ordered that so much shall be taken off from Moores survey, as will make Jackson the compliment of his Warrant by a line to be run paralel to the Line South 21 degrees East 238 perches of Moores survey.

James Craven }  
v. } On Caveat.  
Casper Acker. }

On hearing Mr. Davis on behalf of Craven, and the said Acker it appears that Craven hath a Warrant dated 23d September, 1790, for One hundred Acres joining Isaac Yost, Widow Thompson.

Jacob & Casper Acker, and the Farkey Ridge, in Fermanaugh Township, Cumberl'd County. And that Acker purchased from a certain Isaac Thompson, Land for which Warrants were granted to Jacob Moyer and John McClellan & obtained a Warrant in his own name dated the 6 day of August, 1790 and had a Survey made thereon, on the same lands granted by Moyers and McMullens Warrants, as Davis alledges departing from the Lines of the Original Survey, which Davis insists was made in such manner as to prevent Cravens Warrant being laid. Therefore it is Ordered that the Deputy Surveyor of the District shall go to the Ground, and with the assistance of two reputable disinterested Neighbours to be chosen by the said parties if they will choose, make a Survey of the Lands granted by the said several Warrants agreeable to their Locations, and to make inquiry if any former Surveys had been made, and to delineate the same on a general Drafft or plott made. And that this may be done, this dispute is postponed to the first Monday in January next when the parties will be further heard if they think proper.

Judith Sullivan	}	On Caveat.
v.		
Daniel Womeldorf.		

Judith Sullivan not attending to Support her Caveat, and it appearing that John Pattons Warrant under which Womeldorf claims, is of equal date with Sullivans Application, Therefore the Caveat is dismissed.

Moses Latta	}	On Caveat.
v.		
Christopher Hays.		

Thomas Shields who hath purchased the right of Hays, appearing and producing proof of the service of notice on Latta, and he not attending Mr. Shields was heard exparte. Whereon it appears that a Survey of 624 As. 36 perches was made on two applications ent'd the third of April, 1769, one in the name of Thomas Holliday and the other in the name of James Holliday and that on the part of the said Survey described as the part Surveyed on Thomas Hollidays Application. Moses Latta hath by a Warrant dated in the year 1787 made a Survey and obtained a Patent. Therefore the said Shields is allowed a Patent for the survey of part of the large Survey marked as that made on James Hollidays Application. But as to that part of the Survey which the survey and Patent of Latta interferes with, the granting a Patent at present is deferred.

John Rairdon	}	On Caveat.
v.		
Thomas Shields.		

Rairdon not appearing tho' duly notified, and Mr. Shields de-

claring that he hath been informed by his Agent living near the Land that the dispute was compromised, which seems probable as Rairdon does not attend or send any excuse, therefore the Caveat is dismissed.

Perry and Poe  
v.  
Thomas Gist.

On Caveat noted on the Returns.

On hearing Col. Isaac Meason (who claims under Gist) ex parte it happens that Thomas Gist entered two Applications on the 3d day of April, 1769 for 300 Acres each, one in his own name, and the other in the name of Richard Gist, and had Surveys made thereon, and that their Surveys did not interfere with Perrys Survey called "Buck Pasture" which was made about the same time. It is therefore ordered that Perrys Survey shall be accepted on payment of purchase money Intrest and fees. And as Col. Meason represents that he hath purchased the right of Gist to several other Tracts of land contiguous and near the same for which Gist or himself hath had Surveys made on Virginia Rights, which are more agreeable to him than those made at first on the Pennsylvania Application.

Therefore it is allowed that he Patent those Lanus on the Surveys returned on the Virginia Rights provided that the same shall not interfere with Perrys Survey aforesaid called Buck Pasture, and provided he pay to the Receiver General the sums of money due on the said two Applications of 300 Acres each, at the rate of £5 ster'g with Intrest. And also that the right or claims of any other shall not be thereby injured.

Jonathan Hill  
Ass'ee of Jos. Torrence  
v.  
Thomas Gist.

Jonathan Hill not appearing to support the allegation of his Caveat the same is dismissed. And Mr. Gist or Mr. Meason who claims under him is allowed a Patent, unless cause be shewn to the contrary within six months from this time.

Thomas Rodgers  
v.  
Thomas Gist.

Rodgers having signified by an instrument in writing now produced, that Mr. Meason had satisfied him for his claim. Therefore the Caveat is dismissed.

And the Board conceiving that the Tract which contains 620 $\frac{1}{4}$  Acres returned on a Virginia pre-emption to Thomas in right of Christopher Gist, now claimed by Col. Meason, doth not interfere with those Tracts returned on Pennsylvania Applications.

Ordered that the said Tract of 620 $\frac{1}{4}$  Acres be Patented to the said Meason, at the expiration of 6 months from this date, on the Virginia Pre-emption aforesaid, on his paying the purchase money and fees agreeably to the Virginia Terms.

Daniel McClintock

v.

Malcolm McHenry.

McHenry sending his papers, but McClintock not appearing and no proof of service of notice on him, this Case is postponed to the first Monday in February next.

The Surveys and Report of Alexander McClean, Esq'r, in the Case of the Heirs of the Heirs of George Wilson & Isaac McDonald pursuant to an Order in March last, being now laid before the Board, the same is confirmed.

Charles Cecil

v.

Richard Peters.

Mr. Peters produced a return of Eleven Acres made for him on a Warrant of 10 April, 1788, in right of Robert Landelands it is said is the land Cecil claims under a Warrant to William Peters in right of John Brothers. But there being no Survey it cannot effect the right of Mr. Peters. Therefore the Caveat is dismissed.

Doctor Robert Harris appeared, and laid before the Board his Title Deeds and Papers respecting his Land he claims in Right of John Logan, James Reed & George Campbell, Whereupon he is allowed Patent.

Richard Peters, Esq'r, applied for a Patent for 180 Acres of land Surveyed on Warrant dated 10 September, 1762, which appeared by a note on the Draft to interfere with a Survey of One Fultons, but no Caveat being entered, and Shaws Warrant (under which Peters claims) being long prior to Fultons Application. Therefore a Patent is allowed.

John Giffen

v.

John Hunter.

On Caveat continued from the 6th day of February last.

It being Ordered by the minutes of February aforesaid that Mr. Lodge should return a Survey on Samuel Wilsons Application. And now Mr. Lovengier in behalf of Giffen, and said Hunter appearing were heard. And on examining their papers it appears that a Survey had formerly been made by Captain Thompson on Samuel Wilsons Application No. 3301. That by virtue of divers Sales and Transfers John Hunter is entitled to three fifths part thereof, and that Nathaniel Hunt, and Joshua Reynolds are entitled to two fifths of the same.

Therefore it is Ordered that Benjamin Lodge the Deputy Surveyor together with Isaac Meason and Abraham Hendricks shall make a Resurvey of the whole Tract according to the Original lines and also divide the same between the said Hunter, Hurst and Reynolds according to the parts and Shares to which they are respectively entitled, by Purchase from and under the Heirs of the said Samuel Wilson, having regard to quality as well as quantity and to make return thereof to this Board the first Monday in May next, in Order that they may have separate Patents, on payment of the Purchase money and Interest due therefor, according to the Terms on which Wilsons Application was entered. And in the Settlement of the account for Hunters part, the Receiver General is directed to give him credit for the Purchase money paid on his Warrant taken out for a part of the same.

Postponed to the first Monday in March next in Order that Mr. George Woods, j'r, may examine and Resurvey a Tract formerly surveyed on Theophilus Gardners Application.

Samuel Wharry  
v.  
The H'rs of James McMullen.

} On Caveat.

On hearing the parties it appears that Wharry claims by vir-

tue of a Warrant to Jonathan Brown and a Survey made thereon by Thomas Cookson many years agoe which hath since been Resurveyed by Mr. Henderson and an addition made thereto which addition Mr. McMullen consents to. Whereby the Tract is now returned for 144 Acres 152 perches.

And that McMullen claims by an old Survey made on Warrant to William Rainey as well as by a late Warrant and valuable improvements. Therefore Ordered, that the Surveys aforesaid of the parties shall be established, but that McMullen shall pay for the whole Tract according to the Terms of Rainey's Warrant he having credit for the money paid at the taking out the new Warrant.

Nicholas Musser	}	On Caveat.
v.		
Archibald McCallister.		

Nicholas Musser appearing and producing proof of the service of notice on McCallister, but he not attending McCallister was heard exparte, and the Survey of Hugh Hea and Patent under which McCallister claims was examined, on which it appears that the Seven acres Tract surveyed for Musser is not included in Heas Patent. Therefore a Patent is allowed to Musser on payment of purchase money and fees of Office.

James Hunter	}	On Caveat.
v.		
John & James Crutchlo		
Bartle Lafer or Clapper & P. Drum.		

The Board having taken this case into consideration & examined the documents laid before them, are of opinion that it is best to keep this case under advisement until Col. Moore the deputy Surveyor of the district (where the lands lie which are in dispute) shall make surveys of the contiguous Surveys particularly those of Bartle Laffer, John & James Crutcheloe's & P. Drum, as also the Warrant or other Office Right (if any) on which Laffers Survey is made pointing out the Situation of Peter Hill and Jacob Housers land which are called for in Phillip Drums Warrant. And the said Surveyor is directed to make Hunters Survey agreeably to the Location contained in his Warrant, to wit "On a branch of "Turtle Creek, West of John Painter, and about half a mile East "of the path leading to Plumb Creek, about fourteen miles from "Fort Pitt in Pitt Township, Westmoreland County" particularly pointing out the interferences with adjoining Surveys and make return of the same to this Board on or before the first Monday of May next, at which time the Board will resume the further consideration of this case.

On hearing Col. Johnston and Mr. Benjamin Chambers who is Heir at law of Captain William Chambers, respecting a dispute to whose benefit the monies paid on issuing a Warrant in the name of the said William Chambers dated the 6 day of July, 1784, shall be appl'ed. It appears that at the special instance and request of Colo. James Chambers, he the said Johnston of his own proper monies did pay into the Office (besides Fees) the Purchase money for two land Warrants, one of them in the name of Captain William Chambers aforesaid for two hundred acres in Guilford Township, Franklin County, dated 6 February, 1784, And the other in the name of Jonathan Penrose for Four hundred Acres Situate as above and bearing the same date as the first mentioned, provided that the said James Chambers wou'd attend to the surveying of the lands in said Warrants mentioned, and provided also that two thirds of the lands shou'd be considered as belonging to said Johnston. That on Application to the Deputy Surveyor for surveys to be made on the said two Warrants, the lands therein described were found to lie within a Proprietary reserve Tract, Whereby no Surveys could properly be made agreeable whereto. Mr. Henderson deputy Surveyor hath certified to the Surv. General, on considering this Case it is the Opinion of the Board that by means of the prior Appropriation aforesaid no land could be surveyed on the said Warrant, And the Agreement between said Johnston and Colo. James Chambers was entirely defeated. And that as William Chambers name was only made use of by said James and the money paid as aforesaid, was the property of said Johnston. Therefore that he shall be entitled to make such application thereof as he may deem proper.

& Hugh McDonald. } On Caveat.

On hearing Shitler and McMunn, and inspecting the Papers of Powell, sent to the board, It appears that the improvement made by Peter Graham under which Shitler claimed was made by Graham as a Tenant to William Powell, the Father of John Powell who has a Warrant and Survey, and hath continued the improvements. That McMunn hath also a Warrant and Survey and hath made considerable improvements. Therefore it is the

Opinion of the Board, that Shitlers Warrant ought not to be executed on any lands within the Surveys of Powell, McMunn and McDonald.

Michael McHenry  
v.  
Daniel McClintock. }

On hearing McClintock and Mr. Smiley on behalf of McHenry, and examining the papers it appears that McClintock claims under a Warrant to him and John Emerson in the year 1776, and a survey made and returned thereon. That McHenry claims a small part by virtue of some trifling improvement but it does not appear that he hath any Office right. Therefore it is the Opinion of the Board that McClintocks survey ought to be accepted and Patent granted him.

Samuel Fletcher  
v.  
Eli McClean. }

Mr. Canan laid before the Board a representation of the land in dispute and desired instructions how the same shall be returned pursuant to Order of the Board in last June. But it appearing that a great part of the land which Fletchers Warrant calls for, is included in a Survey on Warrant to Joseph Sowns, which is Patented to Samuel Richards. Therefore this case is postponed to the first Monday in September next, in order that the Parties may be further heard, and produce further Testimony.

John Lowdon  
v.  
Thomas Rees. }

The Parties appeared, and submitted this dispute to the Board without any Citation; and on hearing them it appeared that Lowdon claims under an Application of Samuel Davis, and Rees under an Application of James Johnston. That Surveys were made on the same day, but the matter not being so clear to the Board as they would wish, before a determination, it is thought proper to keep it under advisement, until the Deposition of Joshua Elder (who made the Surveys) can be had.

Eneas McMullen  
v.  
Jaconias Rose and  
Benjamin Briggs. }

Mr. Canan the Surveyor of the District in which the land in controversy lie, appeared and produced a copy of the Order of the Board of the day of ——— last Ordering McMullens Survey to be made, he having the prior Warrants, &c., and informing that Rose and Briggs have improvements and are living on the land and have Warrant.

Whereupon it is thought proper to suspend the former Order and the Deputy Surveyor is directed to go on the Ground and make a general Drafft or Plot of the Vacancy and point the Location of the Warrants of the Parties; also the Situation, nature and quantity, of their improvements, with the assistance of reputable disinterested person to be chosen by each if they will choose, and if not, to take such as he the Surveyor may think proper. And the said Plot and Report, is to be made to this Board, the first Monday in May next, when the Parties may be further heard if they shall think proper.

Abraham Kirkpatrick  
   v.  
 Bell, Moore and Others. }  
 }  
 }

Mr. Bradford producing proof of service of notice on Abraham Kirkpatrick, for a hearing on the first Monday in January last, and he not appearing, the Caveat is dismissed.

Mr. Keble producing a copy of the record of Court in the case of John McClure against John Glen and James Caruthers, at which Court a Verdict was given for a Tract of 273 acres 73 perches for the Defendants. Therefore a Patent is allowed.

The Deposition of Martin Reily proving that the Inhabitants were forced on George Wisecarvers Land. Therefore an Exoneration of Intrest as  $\text{\textcircled{P}}$  Law is allowed.

Nathan Daily  
   v.  
 James McDowell. } On Caveat.

In the above case Mr. Nathaniel Irish, applied to the Board for a Patent for the said Daily pursuant to an Order of the Board made in this case the third of January, 1792: and produced the affidavit of Charles Dailey son of the said Nathan, to prove that a Tender of the money had been made pursuant to said Order At the same time Col. Smith of the Senate appeared & off'd to the consideration of the Board a letter from James McDowell setting forth that no tender was made to him but that different kinds of money were offered to his family who were not authorized to receive the same.

The Board taking these circumstances into consideration are of

Opinion as it is doubtful whether the tender was made in due form of Law that this case be kept under advisement untill a future application be made for a Patent accompanied with proof of payment having been made, or further proof as to the offer or tender aforesaid.

James Hamilton

v.

William Latta.

Hamilton not appearing though duly notified, as deposition now produced appears. Therefore the Caveat is dismissed.

The Report of Presley Nevill, Samuel Cunningham, Benjamin Kykendale and John Reed & Robert Laughlin pursuant to an Order of the Board of 5 May, 1788, being produced the same is confirmed.

On reading a Certificate of Abraham Smith, Esquire, it appears that a dispute on Caveat entered by William McNut against James Gamble is settled, and that an instrument in writing to that purpose was signed by them, and given him said Smith, but that he had lost or mislaid the same instrument. Whereupon Ordered that the Caveat be dismissed and their Surveys established.

The Memorial of Alexander Hunter setting forth "that certain Errors had been made in the Surveys of Alexander Hunter, James Gailey, and James Pobjea, and John Spencer, and praying the same might be corrected, was taken into consideration and the Surveys of such of them as were returned examined, On which it appears that very material Errors have been made. Therefore Ordered that Joseph Wallis the Deputy Surveyor in whose district these lands are shall make a Resurvey on Gaileys

Warrant which it is said hath not been executed, and shall make true and correct Returns to the Board in Order that the parties entitled may receive confirmation.

The Memorial of Joshua Gilpin on behalf of himself and others entitled, setting forth "That on the tenth day of April, 1773, several Warrants for the Surveying of lands were obtained from the Land office in the names of several persons but for the use of Doct. Wm. Smith, Thomas Mifflin, and Thomas Gilpin. That the purchase money & fees of Office &c. were paid by the said Mifflin and Gilpin, for the same amongst which was one in the name of Thomas York, But that on examination of the Memorialist amongst his fathers Title Deeds, he finds no Deed poll from said Thomas York, and said Memorialist prayed a patent might issue, And producing a copy of a Entry in Gilpins and Fishers Day Book of money paid into the Office for the same land also an Agreement at that time by said Mifflin, Gilpin and Smith, Which Memorial, Copy of the Entry of the day Book aforesaid, and the said Agreement being taken into consideration it is the Opinion of the Board that the name of Thomas York was only made use of In Trust for some of the Parties to the Agreement aforesaid. And Therefore a Patent is allowed to him, her, or them, who shall be entitled, notwithstanding no conveyance is produced from the said Thomas York.

v.

Daniel Bradley.

Bucher appeared and produced proof of service of notice on Bradley, but he not appearing the Board heard Bucher exparte,

and examining their warrants, On which it appears that Bradley has the prior Warrant, but that Bucher has a Warrant for three hundred Acres including his improvement on which he lives, made several years before Bradleys Warrant? Therefore Ordered that the Deputy Surveyor shall with the assistance of two Men mutually to be chosen by the said parties, make the Surveys in a commodious manner for them, includ'g in Buchers survey his improvement. But if the partiës will not make such choice, the Deputy Surveyor is directed to take with him two disinterested Men and make the Surveys as above directed. And also to make return of the surveys and their proceedings to this Board the first Monday in October next to which time this Case is postponed.

John Lewis Luke	}	On Caveat.
v.		
Christian Smith		
Henry Hoffman and John Ebbert.		

On hearing the parties it appears that Smith, Hoffman and Ebbert purchased valuable improvements, which were began about fifty years ago, and are living on a Tract in Heidleburg Township, Northampton County, containing about Two hundred and seventy five Acres, which was formerly supposed to belong to the late proprietaries, but that on a careful search made in the Surveyor Generals Office & the Office of the Secretary of the Land Office, no return of Survey was found and it is said that the proprietaries do not claim the same.

That Luke has a Warrant dated before the Warrants of the other parties.

That if Lukes Warrant should be executed it wou'd take off the Wood land necessary for the accommodation of the said Settlements, Whereupon Ordered that the said Lukes Warrant shall not be executed but the Survey of the said Smith, Hoffman and Ebbert, or any other Settlers justly entitled, shall be returned and they have Patents.

Philip Decker	}
v.	
Tettar Walck.	

On hearing the parties it appears that the land in contest was appropriated by Warrant in the year 1791 to Decker which is prior to any Survey made for Walck on an old Right Warrant and that Deckers Warrant is sufficient to cover the whole Vacancy therefore Ordered that the same shall be returned for Decker.

Josiah Galbreath }  
 v. } On Caveat.  
 Thomas Proctor. }

On hearing the Parties it appears that said Proctor and Galbreath in the year 1784 entered in an Article of agreement by which it was declared that Galbreath had furnished Proctor with the Chart or Location of 8,000 acres of land described as therein mentioned. That twenty one Warr'ts for four hundred acres each issued in the names of Joseph Ogden, Thomas Craig, John Reynolds, William Lawrence, Sen., William Lawrence, jun., William Bell, John Garrett, Isaac Sorrell, Joseph Bedford, Jacob Bankson, John Boyle, Matthew Whitehead, Samuel Nichols, John Alexander, Benjamin Davis, Samuel Young, and Joseph Rice.

That by the said Agreement Proctor was to pay the purchase money and Office fees of the said Lands, and Galbreath, was to pay the Patent fees for his own part which was to be one third.

That the Warrants being issued copies were made, and directed to Mr. Wallis the Deputy Surveyor, Who sent Mr. Adlum to execute them, but he finding the land for which Eight of the said Warrants were intended were taken by prior Warrants, made Surveys on the said Seven Warrants on the same Creek though at some distance. And the Surveys are returned into the Surveyor Generals Office on the whole twenty Warrants. But as Mr. Galbreath did not attend to conduct these Surveys or shew the Lands, it is the Opinion of the Board that as the lands for Eight of them were taken by prior Warrants, and the Surveys on Seven made in other places than those originally intended that Galbreath shall have no share of them, viz William Lawrence, Sen., William Lawrence, jun., Joseph Rice, Samuel Young, William Nichols, John Alexander, William Bell and John Garrett, but that the said Seven Surveys shall be confirmed to said Proctor on his paying Galbreath all proper expences in his attending the five Surveys on Muncy waters, and also the benefit of John Garrett Warrant on which no Survey is made, and that Galbreath shall have one third part of the Surveys returned on the other thirteen Warrants.

J. Hubly & Company

v.

Benjamin Chew, Esq.

On Caveat, entered by said Hubly & Company commonly called the Lancaster Comp'y.

The first Monday in March last being appointed for the hearing the Parties, and a postponement to this day made at the request of the said Hubly and company, the parties were heard & of a full examination of their respective Testimony and also of a Re-survey made by William Montgomery pursuant to an Order of the Board the 21 day of October last, it appears that a Survey was made on an Application of Benjamin Chew, enter'd the third day of April, 1769 for 5,000 acres Situate on the Waters of Fishing Creek by Order of Jesse Lukens and Charles Stewart Deputy Surveyors of 3753 acres for him the said Benjamin Chew in the month of October, 1773. That the said John Hubly, Bernard Hubly, and others had Warrants dated the 16 day of August, 1773, and Surveys made thereon in the year 1777 which were returned into the Surveyor Generals Office after the year 1781. That ten of those Surveys to wit John Boyle, Dennis Dougherty, Jacob Moyer, John Morton, Mordecai Lewis, John Hubly, Joseph Hubly,

Thomas Polegreen, Adam Hubly, and Benjamin Evans; or the greater part of them lie within the said Survey of Mr. Chew. Therefore Ordered that the return shall be made on the said Resurvey for the said Benjamin Chew, excluding such parts only as are held by Surveys made for Josiah Hews, Joshua Warner, John Parroch, William Hews, and Isaac Stroud, which are on prior Rights, and that the Surveys of Hubly and company aforementioned so far as they interfere with the survey made for the said Benjamin Chew shall be rejected.

Aaron Levy	} On Caveat.
v.	
Samuel Wallis.	

The Parties being heard it appeared to the Board that Aaron Levy's Warrants were dated respectively the 21 day of July, 1792 and issued in the names of John Witzell, John Simpson, Jasper Ewing, Christian Gettig, William Gray, William Brady, Henry Owrant, Robert Shaw, Andrew Douglass, Jacob Morgan, John Morgan, Edward Hand, Matthias Slough, Jacob Cook, Casper Shafner, Sen., Casper Shafner, Jun., Aron Levy, Simon Gratz, Michael Gratz, Bernard Gratz, Solomon Lyons, Lewis Farmer, John Singer, Ab'm Singer, William Wistar, Samuel Miles, James Miles, James Hepburn, John Cowden, Frederick Antis, Levy Philips, Simon Snyder, Andrew Carson, John Boyd, William Wilson, and Barney Hubly, adjoining each other, And also Fred'k Antis, Henry Antis, William Wistar, John Price, John Singer, Abraham Singer, Robert Shaw, John Greiner, Solomon Lyons, John Friend, Henry Kamerer, Jacob Reily, John Cook, William Chancellor, and Casper Hains, dated respectively the 30 July, aforesaid: describing lands on the dividing waters of Loyalsoek, and Towandie. And that Samuel Wallis claims under sundry applications deposited in the Secretarys Office, bearing date the 25 February, 1793, for which Warants are made out but no purchase money paid, describing lands in different places.

Upon examining the description of Levy's Warrants which were prior to Mr. Wallis's Applications and which the Board con-

ceive to be sufficiently descriptive, It is Ordered that Levy's Warrants be executed, and if Mr. Wallis shall nevertheless think proper to pay the purchase money and complete his Warrants, the Deputy Surveyor is hereby directed to point out with precision, any interference that may arise between them and the said Levy's Warrants, and make Report thereof to the Board.

Whereupon Ordered that the Caveat shall be dismissed.

Thomas Stokely, Esquire, applies for a Patent to Thomas Smith, Jun., for a Tract of Land Surveyed on Warrant taken out in his name by his father Thomas Smith, also for one other Tract Surveyed on Warrant to Thomas Smith the Father and produced a Deed from Thomas Smith to his three Sons, viz: Thomas, Henry & John, for the two Tracts of land aforesaid.

Whereupon it is thought proper that Surveys of the several parts of the whole 800 acres should be made according to the said Deed in Order that Patents might issue for such part respectively otherwise that two Brothers shall Release to the other.

It appearing by an instrument in writing under the Hands of Robert Smith, and Josiah Gamble respectively now produced that Caveats entered by them against Charles Daniel may be dismissed. Which is accordingly done, And Mr. Stokely who produced the above instrument applying for a Patent to one Spears, who claims under said Daniel on a Virginia entry, the Surveyor Generals Office was examined, and a Survey made on John Alman's Application (which is prior to said Virginia Entry) found for the said land, Therefore it is thought proper that the same shall be Patented on the Application of Allman, on payment of purchase money, & fees of Office.

William Townsley }  
 v. } On Caveat.  
 William Purdy. }

On hearing the parties it appears that Townsley claims under a Survey made and returned into the Surveyor Generals Office of 316 acres on two Warrants, one in the year 1755, and the other dated 3 June, 1763.

That Purdy claims under Warrant to Mich'l Gillaspie in the year 1775. It is alledged by Purdy that the lines of Townsleys Survey as actually run and marked on the land differ materially from the Survey returned into the Surveyor Generals Office.

Therefore it is thought proper to postpone this Case to the first Monday in October next, and in the mean time the Deputy Surveyor of the District is directed to Resurvey the said Townsleys land according to the lines actually run, and marked, and to point out the Situation and kind of improvements made by Purdy or Gillespie, and how Purdy's Survey interferes with Townsleys actual Survey & with that returned, if any difference there be.

Mr. Keble laid before the Board a copy of a Warrant to Andrew Nelson for thirty five Acres of land in Fermanaugh Township, Mifflin County, dated 17 December, 1792, and represented that a mistake had been made in making out the Warrant it being at the Rate Fifty shillings P. Cent instead of £10 P. Ct. and no improvement therein mentioned to be included. Whereupon the Original Application and Certificate from the Justices was inspected by which it appears that it ought to include an improvement, and that he shou'd pay at the rate of £10, with interest from the first day of March 1788, the time of Improv't. And the Deputy Surveyor is directed to execute the said Warrant, and the Receiver General is Ordered to Settle the account accordingly on the Return of Survey and application for Patent.

On Application of Martin Kestetter for a Patent to Peter Ressler for 201 $\frac{3}{4}$  acres Surveyed on two Warrants to Jacob Brosius dated 30 January, 1793, it appeared that the whole was in one Tract, and held by one improvement. But by the advice of some person more cunning than honest he had taken out two Warrants in order to make it come cheaper, but had it all included in one Survey, and the Board seeing the impropriety of such proceedings represented the same to the said Martin Kestetter, and he being well convinced thereof, and knowing that the improvement was made longer than was Certified by the Justices, agreed to pay for the whole at the rate of £10 P. Cent with Intrest from 1 day of March 1781.

v.

Philip Breidenback.

In this case an original Draft or Survey remaining in the Surveyor Generals Office, was produced by David Kennedy made the 6 May, 1773, upon an Application No. 364 dated 5 August, 1765, containing 330 acres 110 ps. of land situate on Deep Run, Berks County. At the same time John Breidenback son of Philip, appeared and produced to the Board a Draft, containing 318 acres 25 ps. of land made the 6 day of May, 1775 on Warrant dated 10 March 1775, and also a Return of said Land into the Secretarys Office not completed, on the back of which was endorsed in the hand writing of the said David Kennedy "Let not Patent issue on this as it interferes with my land."

The Board not being furnished with a general Draft made by the proper Deputy Surveyor ————— the supposed interference. Therefore Ordered that Thomas Clark Deputy Surveyor for Dauphin County go round the lines of said Surveys respectively and delineate on a general Draft any interferences that may appear and furnish the Board with the same by the first Monday in June next is appointed by the Sec'y of Land Office for a hearing on this Case, 30 days notice being given to which time this matter is postponed.

} On Caveat.

The said Aaron Levy on one part, and Richard Peters, Francis Johnston, and Samuel Wallis, Esq's on the other part, as claiming under Craig and others appeared, and were heard, and a plott or general Drafft of the Lands in contest, & others, (made by Joseph Wallis the Deputy Surveyor) and of some of the waters or branches of Loyalsock Creek, examined, on which it appears, that the said Warrants of Craig and others are dated 27 April last, and are sufficiently descriptive of the land whereon they have been surveyed, and are prior to those dated 24 July last of Aaron Levy, and others under which he said Aaron claims. Also that the Surveys of Craig and Others were made before the copies of Levys Warrants came to the hands of the Deputy Surveyor. Therefore it is ordered, that the surveys of Craig and Others, shall be accepted and Patents issued to the said Peters, Wallis and Johnston, or to those who shall produce conveyances to him or them, from the persons to whom the warrants were granted respectively.

Dr. Wm. Smith presented to the Board a Memorial in the words following:

*To the Board of Land property of the Commonwealth of Pennsylvania:*

THE MEMORIAL OF WILLIAM SMITH, D. D., SHEWETH.

That he is desirous to take out Patents for the following Tracts of Land lying in one contiguous body, on the South side of the Frankstown Branch of Juniata opposite to the Town of Huntingdon, which have been long since surveyed, and Returned into the Surveyor Generals Office, viz:

1. 274 As. Surveyed by Warrant in the name of Samuel Nivins dated 5 June, 1761.

2. 15½ As. joining and below Samuel Nivins by Warr't to William Smith dated 22d September, 1767.

3. 43¼ As. joining Samuel Nivins on the South, by Warrant to Wm. Smith dated 22d Septem., 1767.

4. 183½ As. joining Samuel Nivins on the West, and fronting on Juniata by Warrant to Samuel Finley, dated 1 June 1762.

5. 305 acres 111 perches joining Samuel Finley on the N. W. fronting on Juniata by Warrant to William Hussey of 17 March 1755.

6. 153 A. 31 ps. On the black bone Ridge between the Lines of Samuel Finley, and William Hussey, &c., by Application No. 771 in the name of William Smith.

7. 230¼ A. joining and above Samuel Finley on both sides of Vineyard Creek, by Warrant dated 20 July, 1765, to Wm. Smith.

8. 389 As. joining William Hussey on the S. W. by Wt. to Robert Tuckniss dated 3 June, 1763.

9. 302 acres 51 ps. at the head of Water Street, joining a Proprietary Manor, by Warrant to Wm. Strawbridge of 5 June, 1762.

Now as it appears in the face of the Returns that such of the aforesaid Tract of Land as the front on the River Juniata have not the description by courses and distances on the River, and that besides this defect, there appears an error in the survey in the name of Samuel Finley where he had left an open Line, along the foot of the Mountain between the W. OK., corner on the East bank of Crooked Creek and the Pine Corner on the side of the

Mountain (all the corners of the said Survey as well as the Line Trees between the other corners still remaining) and as this Error in the open Line seems to have arisen by calculating the course and distance without sufficient data, especially without the courses and distances on the River, and probably from other Errors by the Chain carriers; so that a computation of land in the said Survey, nor yet the exact courses and distances cannot be given by the Surveyor General for Patenting the land contained within the old Lines and Corners, without the danger of injuring either the Owner of the Land, or the Commonwealth.

The Memorialist, William Smith, therefore prays:

That an Order of Resurvey may be issued by the Land Office, for examining the said Survey made on the said Warrant to Samuel Finley, dated 1 June 1762, and that return thereof be made with the exact courses and distances, and quantity of Land contained in the same according to the old Lines and corners yet remaining as called for in the Drafft formerly returned and now in the Surveyor Generals Office. And Whereas the greater part of the Survey joining and above Samuel Finley on Warrant to said William Smith dated 20 July, 1765, hath been cut off on a later Survey made for John Armstrong, altho' upon an older Warrant, and the quantity remaining to the said William Smith cannot be ascertained without examining the said Armstrongs Survey which has broken in upon the said Smiths survey in a very irregular manner, as will appear by the Drafft of the same. The said Smith therefore prays a Resurvey and adjustment of the Lines of both those Tracts, according to justice, and equity and that no patent may issue to the said Armstrong till such Resurvey is made and reported to the Board of Property, and a hearing of the parties thereon. And Whereas an Error is apprehend'd in the Survey of William Strawbridge's Warrant dated 5 June, 1762, in the Length of the Line running from the White Oak corner of the Proprietary Manor S. 40 W. to a B. OK., corner both remaining, the said William Smith prays a resurvey of the said Tract according to the old corner Trees and Lines, and that the open Mountain Line from the Chestnut corner to a post may be closed, and marked, and in a general, where the Surveyor and the said Wm. Smith may judge it necessary to Resurvey any of the Lines of the Ten Surveys above mentioned, and particularly the front Lines on the River the same may be done in Order to the Patenting the same with accuracy and equal justice to the Commonwealth and the said Wm. Smith.

The Board on reading the said Memorial, and taking the same into consideration Orders that the Surv. Gen'l shall cause a Resur-

vey to be made of the Lands mentioned in the above recited Memorial as therein requested, and direct the Deputy who may execute the said Order to note on his Drafft or Return of the Resurvey any interferences or Claims.

Captain William Powers laid before the Board a Memorial setting forth, That George Douglass had on the 17 December, 1788, entered a Caveat against granting him a Patent for a Tract of land surveyed on a Warrant dated 28 May, 1788, alledging that the said Powers Survey interferred with two Surveys made for James Moore on two Applications No. 1352 & No. 1353. And he the said Powers disclaiming any right to the land claimed by Douglass, prayed the Board to Order his Tract to be resurveyed in order to exclude such part thereof as interferences with Douglass's Surveys, and also that there is vacant land sufficient to fill his Warrant he may be allowed to fill it out of the adjoining vacancy. Which being considered it is Ordered that the Surveyor General shall cause the Resurvey and addition as requested to be made.

William Lane exhibited his Memorial requesting a Resurvey of a Tract of Land on Clearfield & Chest Creek surveyed by George Woods, Esquire on a Warrant to George Roberts dated 14 July, 1786, requested a Resurvey thereof because it encroached on a survey of William Parker, Esq., made by Warrant of 11 February, 1773, Whereupon Ordered that a Resurvey as requested may be made.

and Irwin.

Col. William Montgomery and Major Boyd appearing informed the Board that they had a dispute concerning some Lands on or near Muncy Creek, which they desired might be heard and de- termined. And on a hearing it appeared that Col. Montgomery had on the 21 June last, entered a number of Applications in the names of Robert Montgomery, Jun., and others. That on the 27th day of June aforesaid Major Boyd entered a number of Ap- plications in the names of Mary Wilson and others. That on the 8 July following the purchase money was paid to the Receiver General on the Warrants of Boyd issued, and the surveys were made on about Thirty of the same, That Col. Montgomery being in Town in August expected to have the Warrants issued, but the person who was to pay the purchase money going suddenly out of Town to avoid the then prevailing disease, the Warrants were not made out until after Mr. Montgomerys last return to the City, And the purchase money was paid to the Receiver General on Saturday last, and Warrants issued. On considering this Case the Board are of oppinion, that as the delay in payment of the purchase money on Montgomerys Warrants hath not been greater then in many other instances, and it being customary to date the Warrants on the same day the applications were entered, Therefore, Ordered, that his Warrants shall be executed agree- able to the Locations or descriptions therein. And the Deputy Surveyor who is to execute them, is to note on a general Drafft or plott, now many, and in what manner they interfere with Major Boyds Surveys in order that further directions may be given if necessary.

The Rev'd William Smith, Doctor of Divinity and Aaron Levy appeared before the Board and submitted a dispute (which they declared they had) relating to Lands at the mouth of Moshannon formerly in the County of Cumberland now Mifflin County. On hearing the parties, and examining their Warrants, Applications, and Surveys, it appears that Aaron Levy claims by virtue of Warrants in the names of Walter Stewart, Ann Stewart and others. That Dr. Smith claims by virtue of Applications entered 3rd April, 1769, in the name of John Palmer No. 1915, "for 300 acres of land "at the mouth of Mushannon Creek on the South side of the West

“branch of the Susquehanna and John Andrews No. 1481 for 300 acres on Moshannon Creek, a little above where it empties in the “South side of the West branch of Susquehanna.” And the Board considering the circumstances of the Indian Wars prevailing, and the frequent removal of the Deputy Surveyors and appointment of Others to the Districts in which the lands in contest are Situate, whereby the Surveys were prevented from being made. It is deemed proper and Ordered accordingly that the Surveys of Levy so far as they may be affected by Dr. Smiths Applications aforesaid shall not be executed agreeable to their descriptions, and that as Dr. Smith has obtained a Warrant for a part of the Land he claims at the place aforesaid (or near the same) he shall be allowed the purchase money paid at issuing the said Warrant, which is dated in December, 1792, in the name of William Moore Smith, if he cannot find lands to lay it on agreeable to its Location.

Walter Buchanan }  
 v. }  
 Adam Colhoon. }

On Caveat, entered on Colhoons Drafft.

On hearing the parties, and examining their Warrants and Surveys, it appears that Buchanans Survey hath been made before the date of Colhoons Warrant, and returned into the Surveyor Generals Office. That Colhoons Survey interferences with Buchanans Whereupon it is Ordered, that the Survey of Buchanan shall be established, and that the Survey of Colhoon shall be altered so as to exclude any land included in Buchanans Survey aforesaid.

Michael Shafer }  
 v. } On Caveat.  
 William Miller. }

On hearing the parties it appears that Shafer claims by virtue of a Survey made of 93 acres 112 perches on Warr't to Henry Rode, dated 4 September, 1773. That Miller has a Warrant & Survey which includes the Survey aforesaid or a part thereof, as Shafer suggests; but on inspecting their Draffts it cannot fully be ascertained. Therefore it is Ordered that the Deputy Surveyor shall Resurvey the said Tract of Rode or Shafer according to the

Survey or Drafft in the Surveyor Generals Office, and if it shall appear to interfere with Millers Survey, that the interference may be represented in a plott to be returned to the Board the first Monday in May next, to which time this dispute is continued.

Allowed a Patent to Col. Thomas Robinson on a Survey made on Warrant to Abraham Robinson as it appears by a Certificate of Johnston that the name of Ab'm Robinson was only made use in Trust.

Charles Conaway

v.

James Mahan or

Daniel McLear.

It appearing that on a Trial in the Supreme Court a verdict was given in favor of Mahan, Therefore he is allowed a Patent.

Henry Dougherty

v.

James Crawford &

Thomas Ferguson.

On hearing the parties and examining their Surveys, It is Ordered that the Survey of Dougherty made by William Ellis shall be accepted and Crawfords regulated agreeable thereto.

Allowed a Patent on a Survey made on a survey for ——— on Warrant dated ——— day of ——— though at a different place from that described in the Warrant, it being for the Intrest of the State.

Andrew Carson

v.

William Ellis.

Mr. M. Mahan for Andrew Carson, & Mr. Samuel Wallis for William Ellis appeared, and were heard, and the allegation in the Caveat not being supported the Caveat is dismissed.

Herman Speese

v.

Peter Hosterman.

It appearing that Speese hath two Warrants for 150 acres each one in the name of Martin Eppley dated 26 October, 1773, and the other in his own name dated 24 April, 1792, both which being prior to Hostermans which is dated the 31 December, 1792. It is Ordered, that Speese's Warrants shall be executed according to their descriptions respectively, and the Surveyor of the District is directed to make return against the first Monday in April next.

George Rimmell

v.

Samuel Simpson.

Mr. Reim who hath purchased the Right of Simpsons Warr't

dated 4 August 1790, were heard, and it appears that Rimmells Warrant was located on his own place which was surveyed on an order in the year 1746, and is not Located on the same land that Simpsons Warant calls for. Therefore Ordered, that Simpsons Survey shall be accepted, and patent granted.

Geo. Rimmell

v.

Jacob Zinn.

Mr. Reem produced returns of Surveys for the parties agreeable to Order of the Board the —— day of —— which are Ordered to be accepted, and patents allowed, it appearing that Zinn hath paid the £14 according to an agreement made before the Board the said —— day of ——.

The Memorial of Martin Millèr stating that he the said Martin, and his brother Melchoir Miller had bought a Tract of Land in Paxtang T'p, Dauphin County of Leonard Sheets as Tenants in common.

That said land was held by two Warrants one in the name of George Sheets, and one in the name of Leonard Sheets, upon which Surveys and Retufns have been made, that said Martin and his Brother covenanted to divide said land, and that part which each is to have is ascertained according to covenant recited in said petition, and praying that the Boaru would allow a Resurvey of the said Land and division according to the covenant of the parties. Which Petition being read by the Board, the prayer of it hath been granted and the Deputy urveyor of the District is directed to make such resurvey and division accordingly.

Henry Drinker & others

v.

Joseph Thomas & others.

The parties appearing were heard, and the Warrants and Surveys & plotts of the Lands examined, Whereon it appears that Thomas & companys Warrants which are dated 28 August, 1792, in the names of Ishmael Bennet and others being prior to Drinker and companys, and are surveyed agreeable to the Locations of the Warrants. That the Warrants of Drinker which are prior to Thomas's dated respectively the 13th and 16 of October, cannot effect any of their descriptions, but those of the 28 August afore-said. Therefore ordered that Thomas's Surveys shall be accepted and the Warrants of Drinker, executed on the adjoining vacant lands so as not to interfere with Thomas's.

Peter Hosterman

v.

Simon Snyder, Jun.

On hearing the parties it is Ordered that Snyders survey

after excluding the two acres of the cleared field, shall be accepted, and the same two acres added to Hostermans Tract surveyed to Jacob Gringer, when a Resurvey of Gringers Tract shall be made, which is necessary in order to exclude some Lands therein claimed by some other person by a prior Right, which Resurvey is directed accordingly.

 v. } On Caveat.  
 George Bellas, Esq., & ors. }

The parties being heard it appeared that Elijah Weed had a Warrant dated 27 July, 1774, for 25 acres of Land granted to George Weed.

That a Survey was made only of about eleven acres at the Instance of One Bowman Who does not seem to have had any authority with which Mr. Weed in his life time was, and Mr. Coyle since his decease is dissatisfied with. That a Survey hath been made for Bellas on a Warrant to Samuel Scott dated 28 February, 1793, including part of the land which was the object of Weeds warrant. Whereupon it is Ordered, that the Deputy Surveyor shall execute Weeds Warrant in an equitable manner agreeable to its Location and quantity and regulate Scotts survey accordingly, and shall return the Surveys into the Surveyor Generals Office for the further consideration of the Board.

John Lowdon & Alex. Scott }  
 v. }

Aaron Levy and Others. }

On hearing the parties, Ordered, that the two Surveys of Stephen Kingston, and Samuel Johnston, shall be returned for Levy, and that the four in the names of John Houston, William Wistar, Wm. Chancellor, and John Cook be returned for Lowdon & Scott.

John Adlum and Mr. James Harris appeared before the Board,

and submitted a dispute which they declared they had touching a Survey of 514 acres 36 perches made on Warrant No. 1196 dated 21 April, 1792, to Charles Willis, That Harris claimed a part thereof on a Warrant No. 194 dated 17, May 1785, to John Wilson a copy of which was not put into the Deputy Surveyor Hands till after the Survey on Willings Warrant was made, Whereupon Ordered, that the said Survey of Willing shall be accepted.

Nathan Beach, Esquire, produced a Deposition of William Gray, and James McNeal, proving that there was an improvement on an Island in Susquehanna, for which John Putman had entered a Caveat, against granting a Patent, On reading of which Deposition, the Caveat is ordered to be dismissed.

Allow a Patent to \_\_\_\_\_ notwithstanding the Deed from Giles to Kamsay cannot now be produced.

Bartram Galbreath and Galbreath Patterson, Esquires, appeared and submitted a dispute which they declared they had relating to a Tract of Land near or adjoining land surveyed for Allen and Purviance in Northumberland County, which is claimed by the parties on a Warrant to David Owens, dated 12 September, 1773; And on a hearing of their respective Allegations it is Ordered that the Survey made by Joseph Wallis on the said Warrant being agreeable to its Location, shall be accepted and Patent granted to such person as shall be legally entitled thereto under said Owens, and that a survey alledged to be made for Peter Reeveer on part of the land aforesaid shall be rejected.

Aaron Levy and John Lowdon submitted a dispute (which they declared they had) relating to Lands on or near Moshanon, and the Line of Mifflin and Huntingdon Counties, Surveyed on Warrants to Robert Morris and others dated 3 August, 1792, 13 Tracts a part of which Lowdon claimed on Warrants to Bartholomew, Wistar and Others dated 13 May, 1793, And on hearing the parties, and examining their Warrants and a plott of the lands it is judged that Levy's Warrants, which are prior to Lowdons are sufficiently descriptive, and therefore it is Ordered that the Lands at present in contest shall be returned on Levy's Warrants.

Galbreath Patterson }  
 v. }  
 Josiah Galbreath. } On Caveat.

On hearing the parties and examining their Warrants it appears, that Galbreath Patterson, claims a Moiety of land, claimed on a Warrant in the name of Aneas Lamont, dated 1784. The other Moiety being allowed to belong to Josiah Galbreath, which Warrant is for 200 Acres of Land, joining Bartram Galbreath, ——— Purviance, Widow Duncan, and John Byers. That there is another Tract joining John Byers, Widow Duncan, Joseph Watt, and David Owen for which Galbreath Patterson hath a Warrant, and which Josiah Galbreath would have Lamonts Warrant laid on. Whereupon it is the opinion of the Board that the Warrant of Lamont is well located on the first above described Tract, joining Purviance and others, and that the Survey shall be made and returned accordingly, And that the second described Tract joining Joseph Watt & others shall be returned for Galbreath Patterson on his Warrant.

John Lowdon }  
 v. }  
 Thomas Rees. }

On hearing the parties it appears that Rees claims a Survey made on an Application in the name of James Johnston. That Lowdon claims a Survey made on an Application in the name of Samuel Davis, That although the whole of both Tracts was originally surveyed on Johnstons Application, yet that a part of the same was returned for Samuel Davis, as by the Surveys in the Surveyor Generals Office appears And that since the Return of Survey Lowdon purchased Davis's Tract.

Whereupon it is Ordered, that both surveys shall be established and patents issued.

The Surveyor General laid before the Board a Plott of two surveys nearly contiguous, made by Bartram Galbreath for Henry Sharer, on a Warrant dated ——— day ——— 1790, which though not common, yet is allowed in this case, as the distance between the two surveys small as it is, more the interest of the State, that Patents issue on the said Surveys, than that a new Warrant issue for one of the Tracts.

Ebenezer Bowman, Esq'r }  
 v. }  
 David Smith & others. } On Caveat.

On hearing the parties, it appears that Smith and company, had Warrants in the year 1784, that a part was unfortunate, being laid on Lands held by prior Rights, and a part disposed of and laid elsewhere, That ab't 25 Tracts have been regularly Surveyed

on the lands described in the Warrants belonging to said Smith and Company, That Bowmans Surveys are made on Warrant of a much later date, and on the same land surveyed for Smith and company as aforesaid. Whereupon it is Ordered that Smiths Surveys shall be accepted and Bowmans regulated accordingly.

v.		
John Johnston or John Hoge, Ass'ee.		

The Board took into Consideration the Testimony offered on the second Monday in July last, and are thereupon of opinion that the improvement set up by Charles Phillis, against Johnston who claims under a Warrant bearing date the 3 April, 1792, and a survey thereon, is not such as shou'd be permitted to operate against this legal Title, especially as the actual improvement right of John Allen is now vested in the person claiming under the said Warrant, and survey, and when it is also considered, that the said Charles Phillis had already made an improvement, and actually resided upon an Island for which he intended to obtain a Right of pre-emption from the Commonwealth: It is therefore Ordered, that the Caveat be dismissed & a patent granted to Johnston or his Assignee.

Upon the same principles the Board are of opinion, that the Caveats entered by Lenoni Dawson, and others against the said Hoge and others should be dismissed.

May, 1793, and claims a small clearing over the Lines of his old Tract. Therefore Ordered, that said Groves survey shall be confirmed.

Adam Barber  
v.  
John Richmond. }

On hearing the Parties it appears that Richmond being possessed of or entitled to an improvement on a Tract of Land in Upper Paxtang Township, late Lancaster now Dauphin County he purchased the right of a Warrant to Michael Kapp, which was Located on a different place, and was defeated by a prior or better Right, and had the Land in contest surveyed by virtue of the same Warrant. That said Barber & Boyd (who Boyd alleges are equally concerned) became entitled to a Warrant in 1772, for 50 Acres, has a Survey made thereon and obtained a Warrant dated 28 June, 1793, in the name of Barber, and that Reinhart fearing the validity of his survey founded on the Warrant aforesaid, and being Located on the place surveyed, entered an Application for 100 Acres (including his improvement made in the year 1787) on the 30th March, 1793. On the whole the Board are of opinion that Richmond is best entitled to the Land, provided he takes out his Warrant agreeable to his Application aforesaid, because he had an Improvement, prior to any Right of Barber or Boyd, save what was granted to James Martin in the year 1772 for 50 Acres, and also had the same surveyed by William Galbreath, before said Barber, new Warrant issue And it is Ordered accordingly.

Godfrey Greenzweig  
v.

On hearing the Parties, it appears that on a reference which was confirmed in Court, Greenzweig purchased the Land of Craig, which Craig was by the award of the Referees to convey to him said Greenzweig. Therefore Ordered, that the Caveat be dismissed.

Ulrich Bruner  
v.  
John Waggoner &  
Adam Keffer. }

On a Note on a Draft by Mr. McClean in this case.

Waggoner and Keffer not appearing to support the Allegation of the said Note, and even by the same Allegation, "that they were disappointed in obtaining a Warrant," it is not thought proper to stay a Patent to Bruner or those claiming under him, and therefore a Patent is allowed accordingly, except an Action is

commenced in six months, that being the time allowed by Law for stay of such Patent.

Lowdon  
 v.  
 Martin.

This case is postponed to the first Monday in September next, in order that Col'o Canan may furnish the Board with a Drafft of a Resurvey of such Lines of old Surveys as may be necessary to determine this Dispute.

Col. Heister and Mr. John Adlum appeared before the Board, and submitted a dispute, which they declared they had, relating to Lands in John Brodheads District.

And on hearing the parties and Testimony, it appeared, that the lands in contest was surveyed the 18 June, 1793, by James Hunter (as Assistant to said Brodhead or John Canan, it not being ascertained at that time in whose District the same lay) on a Warrant which said Brodhead declares was the Warrant now produced, to wit, No. 350, dated 17 May, 1785, in the name of John Bousman, In Trust, &c. That after it was ascertained in whose District it was, Christopher Smith said Heisters Agent, insisted on the same being returned to him, and not to any other person, and that a survey was made in the name of Robert Blackwell, dated 5 April, 1792, comprehending the said survey on Bowmans Warrant.

Therefore Ordered that the survey of 388 As. 50 perches shall be returned on Bousmans Warrant aforesaid.

John Kunkle and Aaron Bowen on the one Part, and John Lowdon on the other Part, appeared and declared they had a dispute concerning the Lands on Clearfield Creek, or near the same on Caveat, which they submitted to the Board for determination; And on hearing the said parties, and examining their Warrants and a plott of surveys now before the Board, it appears that several of Kunkles Warrants by the description thereof, are comprehended within surveys made for William Brown and others, on Clearfield, on Wt. in the year 1784, but as there may be Lands joining the said surveys which were vacated at that time, when Kunkles Warrants were put into the Deputy Surveyor Hands, which do not interfere with Lowdons. Therefore it is Ordered, that so many of the said Warrants of Kunkle as can shall be executed on the vacancies adjoining, or on such Lands as were vacant, before Kunkles Warrants were put into the Deputy Surveyor Hands as aforesaid.

On a rehearing of the above Parties it does not appear that there is Land clear of other surveys on which Kunkles Warrant can be executed, except a small strip joining Browns survey.

Stephen Collins and Charles Dilworth appeared and declared

they had a dispute relating to Lands near Chest Creek, which they submitted to the Board, And on hearing it appeared that Collins claims under Warrants dated 31 January, 1794, in the name of Stephen Collins, William Brown, Zachariah Connell, Elijah Collins, John Shoemaker, Jun., Charles Shoemaker, and Isaac Parish, and that Dilworth claimed under Warrants dated 17 March 1793, in the names of Roads Rankin, Hannah Scoffield, William Babb, Aaron Hoops, Cabel Hoops, William Webb and William Kennard, which describe the Lands in contest sufficiently. Therefore Ordered that the surveys shall be returned on Dilworths Warrants aforesaid.

On a Memorial of the Heirs of John Lukens & Joseph Fox, dec'd, stating that surveys have been made of six Tracts of Land in pursuance of copies of Warrants directed to the Deputy Surveyor dated 17 September, 1774, in the names of Joseph Fox, Benjamin Davids, George Roberts, William Jones, John Lukens and Joseph Fox, but the said Warrants if ever issued are not now to be found, And as it appears by the Records of the Secretary of the Land Office, that Warrants had issu'd or were applied for or made out, Therefore Ordered, that a Warrant shall not issue or the acceptance of said Survey to the Heirs or Representatives of the said Lukens and Fox on their paying the Purchase money and Intrest, &c., due by the terms of the original entries aforesaid.

Matthias Hollenback

v.

Thomas Grant.

On Caveat ent'd 25 March last.

The Parties appeared but the Warrants mentioned in the Caveat by Hollenback as opposed to Grant was not the same he intended as the said Hollenback alledged, they however submitted the dispute to the Board, and Mr. Hollenback mentioned the Warrants of Isaac Stevens and forty Nine others, adjoining dated the third of September, 1792, as those he claimed under, ——— Mr. Grant having no Plott to shew how his and Hollenback's wou'd interfere, this case is postponed to the first Monday in December next.

On hearing Dr. Hamilton, and Mr. Moulder, and examining

Mr. Benson, and Mr. Eddy, touching the priority of certain Applications, at the South Mountain in York County, entered by said Hamilton and Moulder respectively on the morning of 24th instant, it is the opinion of the Board that the priority is in favor of Doct'r Hamilton so far as their Applications may interfere with each other.

On hearing Col. Stokely, and Joseph Reed, Esquire, and examining the Testimony formerly and now offered, it is Ordered that the Survey of  $370\frac{3}{4}$  Acres & allowance made for John Ankrum on his Wt. of 22 February, 1788, shall be accepted and confirmed to the Heirs or Representatives of said Ankrum.

James Bell }  
v. }  
Edward Morton. }

On hearing it appears that the Land in contest, and for which Bell obtained a Warrant the 7 September last, was surveyed and appropriated by an Application No. 2748 to said Morton, and by an order of the Board in the year 1787 on a dispute between said Morton and one Herman, Therefore Ordered that Bells Caveat shall be dismissed, and patent allowed to Martin.

David Carr }  
v. } On Caveat.  
Mordecai Morrison. }

On hearing the parties and examining their Testimony, it appears that Carr hath not supported that Allegation of his Caveat, therefore the same is dismissed, and Morrison is allowed a Warrant and Patent, on his Paying to the Receiver General the sum P. Acres mentioned in the Report of Col. Montgomery and others made to this Board.

Johanna Vanetta }  
v. }  
The Heirs of Daniel }  
Vanetta. }

On hearing the parties it appears that Daniel Vanetta had transferred his right to the Land in dispute to Johanna Vanetta by Deed dated 10 March, 1770 now produced. Therefore allowed a patent to said Johanna Vanetta.

William Bonham }  
v. }  
John Lowdon. }

No proof of service being given to Bonham having been left with Lowdons papers, therefore this case is postponed to the first Monday in July next, a copy of this to be given to Bonham at least thirty days before that time.

John Montgomery, Esq'r }  
v. }  
David McKee. }

On Caveat, entered on the Drafft of McKee.

Proof being made that Mr. Montgomery was duly notified but he not appearing, nor sending any excuse, McKee was heard ex-

parte, and the Application of David Hall which Montgomery claims under, and the Warrant and survey of McKee examined. Whereupon it is Ordered, that McKee shall have a Patent.

Thomas Clark	}
v.	
The Heirs of Joseph Reed, Esquire.	

On a Note on Drafft of a Survey of 312 As. 119 ps. Surveyed on a Warrant dated 13 June, 1774, granted to Joseph Alston.

Charles Petit, Esquire, one of the Executors of the Last Will and Testament of the said Joseph Reed, appearing produced proof of the Notice given to Thomas Clark to attend this day, and shew his objection if any he had to a Patent issuing for the Tract of Land aforesaid and he, said Clark not appearing, a Patent is allowed to the Heirs or to the Executors aforesaid agreeable to the said Will.

The Drafft of a Resurvey for Jacob Fulmer, by Joseph Wallis, pursuant to a Warrant dated the third day of December last, for Resurveying a Tract of 320 As. of land, granted by Patent to said Fulmer in Right of Cornelius Atkinson in order to correct Errors therein, being laid before the Board, it appears that a considerable quantity is lost by other Surveys, and that there is included in the said Resurvey, also that there is added thereto 38 As. he claims in Right of Samuel Boone, and 64 As. which it appears was left out of Cornelius Atkinsons Survey, which remaining Tract containing together 289 Acres, the Board allows a Patent, in order to make up the deficiency by the interferences and omissions aforesaid.

v.

Brady, Jackson,  
 & Hamilton.

This case is postponed to the first Monday in December next in order that the Parties may produce further Testimony.

James Cummins

v.

John Housel.

A Case submitted by the Parties to the Board.

On hearing the Parties by their Counsel Hollowell and Chew It appear that Housel claims by virtue of Warrants dated 10 August, 1793, in the names of Simon Schnyder, and 17 others, and in the names of Samuel Young and others dated 16 July, 1793. And that Cummins claims under Warrants dated 1 March, 1794, in the names of Andrew Douglass, and about twenty three others for 400 As. each in Northumberland County, Whereupon it is Ordered, that the prior Warrants of Housel shall be executed agreeable to the descriptions thereof and if any contiguous vacant Lands shall remain that the posterior Warrants of Cummins shall be laid on the same, a general Plott of Drafft to be returned to the Board by the Deputy Surveyor.

The Memorial of George Hughes stating that a mistake had been made in the Return of a Survey of 175 Acres belonging to him by inserting the name Job Hughes instead of Levi Hughes, and the Deeds from Levi to Job, and from Job, and from Job to said George Hughes, being read it is Ordered that the survey on said Tract shall be returned on Levi Hughes Warrant.

Alexander McDonald

v.

Maurice Turner.

Postponed to Wednesday next.

As it is suggested by Charles Dilworth, that there hath been old Warrants for the Lands (or some of them) which are lately surveyed on Warrants dated 19 October, 1790, to Elihu Brown, John Brown, Richard Sidwell, Ephraim Blackburn, William McMaster, Samuel House, and David Moore, and which John Moore as the Agent appeared in order to agree with the Board, when the Intrest shall commence, this Case is postponed untill the Title Deeds for the said Land shall be produced.

On comparing the returns made from the Surveyor Generals Office with the Office of the Secretary of the Land Office of three Tracts of Land in Luzerne County, surveyed on warrants granted to William Sansom, Thomas P. Cope and John Prall, two of which are dated 19 July last and the other on the \_\_\_\_\_ day of \_\_\_\_\_ on which patents have issued to Henry Drinker, Jun., on the 28 April last, it appears that divers Errors were made in the same Returns, and that a new Patent issue for rectifying the mistakes aforesaid to the said Henry Drinker, Jun.

Hugh Ferguson, Junior, by a Memorial, and verbally stating, that the name of a certain Thomas Keats was inserted in a Deed from John Musser to Adam Foulk. That the said Keats is since dec'd, leaving no person to represent him. That he paid no part of the Consideration money to Musser, but that the same was wholly paid by said Adam Foulke, under whom he claims, and produced several Depositions in proof. Whereupon a Patent is allowed to said Ferguson.

Dismiss the Note.

In this Case Reed appeared, alledging he was notified by one Blasser And neither Blasser nor any for him appearing, and John Cox appearing to support the claim of John Cox, Jun., as

mentioned in a Note written under the Survey of Reed by William McClay, the obstructions thereby occasioned is dismissed and a Patent is allowed to Reed.

Robert Levers }  
 v. }  
 Bell and Towers. }

On hearing the parties and examining their Testimony it appears that Surveys were made in the year 1773 of seven Tracts of Land for Robert Levers and at his expence by John Seely in pursuance of a letter from James Scull Deputy Surveyor on Applications entered in Augst, 1765, by said Levers, That afterwards said Seely sold his discovery to Robert Towers, and Benjamin Horner, whose right is now vested in said Bell. On Considering this Caveat it is ordered, that the Deputy Surveyor shall Resurvey the said Lands agreeable to the surveys made for Levers on the Applications of John Williamson now remaining filed in the Surveyor Generals Office, and now before the Board, and make return in order for Patents.

Nathan Evans }

Jonathan Dungan }  
 v. }  
 Richard Boyce. }

On hearing Boyce and examining the papers of the parties it appears that Boyce has the first Warr't and first improvement. Therefore he is allowed a Patent.

William Brotherton }  
 v. } On Caveat.  
 Jacob Thompson. }

James Hamilton, Esquire, who it is said purchased of Thompson, not appearing though duly notified Mr. Brotherton, son of the Caveator, was heard, and their Warrants examined, on which it appears that Brotherton has a Warrant dated 3d January, 1775, and that Thompson hath one dated 5 November, 1775. Therefore ordered, that the Deputy Surveyor shall make a Survey on the prior Warr't and return a plott denoting the Situation, and kind of Improvement if any, and any other remarks, he may think proper to elucidate the dispute, in order to obtain which this Case is postponed to the first Monday in December next.

Daniel Utz is allowed a Patent for 218 $\frac{3}{4}$  As. Land Surveyed on Warrants dated 28 October, 1746, to Tobias Styer, notwithstanding

ing the reservation of 3 Acres in some of the Title Deeds to George Milheim, he agreeing to convey the same immediately on his obtaining the Patent.

On inspecting a Drafft returned into the Secretarys Office of Land in Manheim Township, York County, Resurveyed by John Forsyth on an Application of John Powling, the Right to which is vested in the Rev'd Daniel Jones. It is Ordered that a Patent shall be granted according to the black Lines in the said Drafft delineated.

The Widow of James Sharp

v.

George Schneider.

On hearing the parties it appears that Schneider purchased an Improvement made on a Tract of Land in Newberry Township, York County, about the year 1765, and had a Survey of 85 Acres made by Lewis Lewis one of Chas. Lukens Assistants, circumscribing the bounds of his claim but without Warrant. That on the \_\_\_\_\_ day of \_\_\_\_\_ 1774 James Sharp obtained a Warrant for 25 Acres of Land part of said Survey. That on the 15 day of March, 1775, the same Schneider had a Warrant for the said 85 As. Tract, agreeing to pay Int. from the time of Imp't.

Upon the whole it is the opinion of the Board, that all the Land Surveyed by Lewis Lewis and comprehended in a Plott of Mr. Forsyth marked A. B. shall be returned for Schneider, and Patent granted him.

At the request of James McCormick the first Monday in December next is appointed for a hearing of said McCormick, and Mary Andrews, James McLaughlin and James Little on a Draft which was before the Board the 4 June, 1787, a copy of this minute being given the said Andrews thirty Days before the said first Monday in December.

Alexander McDonald

v.

Maurice Turner.

} On Caveat.

On hearing Mr. Marise, and General Montgomery who represented the present claimants, it appears that McDonald has an earlier Application than Turners, but that Turner had a Survey made in the year 1770, Therefore Ordered, that the Survey of Turner shall be established.

 Joseph Green.

On hearing Mr. Wilson and on examination it appears that the Land on which Joseph Green hath a Warrant dated 1 December, 1790, and a Survey on the 8th December aforesaid, is included within the bounds of a Tract of Land surveyed on Warrant to Charles Boyer, dated 23 November, 1762, and which is now by virtue of divers conveyances and Assurances in the Law vested in one. Whereupon it is Ordered that Greens Survey shall not be accepted, and that a Resurvey and division of the said land be made in order for Patents to the said Meyers and Trustees aforesaid.

George Irwin  
 v.  
 Baltzer Spangler.

On hearing the parties it appears that George Irwin has the prior Warrant for 50 As. dated 29th April, 1793 which would cover the whole Land, but as there appears to be some Reservation of 15 Acres in the sale to Spangler, and he having a Warrant for the same, though posterior to Irwins, it is ordered that 4 Acres shall be cut off from Spanglers Survey of 19 Acres by a Line Paralel to the Line N. 88 degrees East 86 perches Line, and that the remainder shall be returned on Irwins Warrant.

Samuel Rees on the above.

On Caveat ent'd 14th May, 1794.

On hearing the parties it does not appear that any survey or general plott of the Land in contest are returned, but that Francis Joseph Smith, Tench Cox Blackall Wm. Ball, and Alexander Patterson have the prior Warrants dated in March, 1793, and that the others oppos'd to them are dated in May in the same year. Therefore it is ordered that this Case shall be postponed to the first Monday in November next, in order that George Palmer the Deputy Surveyor may make Surveys on the prior Warrants, according to their Locations and descriptions, and if any interference shall be to point the same out on a general Drafft or plot, Also that any Testimony further may be produced.

Samuel Fisher }  
v. }  
Henry O'Neal. }

This Case being postponed in order for further Testimony, and O'Neil not appearing, nor any further Testimony produced, the Board proceeded to the Testimony formerly offered. Whereupon it seems that the land whereon O'Neills Survey is made, is comprehended within the bounds of a Tract of land granted in the year 1751, to a Certain Nathan'l White whose Right is now vested in the said Fisher, and is well improved, Therefore Ordered, that O'Neals survey shall not be accepted, but that a Survey or Re-survey (if any former Survey can be discovered) shall be made according to the known Lines and bounds, and return'd on said Whites Warrant in order for Patent to said Fisher.

The Petition of Baltzer Spengler praying for a rehearing in the Case between him and William Forsyth and ——— Husk, determined the 27th April, 1791, being read and Considered, a Rehearing is allowed, and the first Monday in January next is appointed for the same, Forsyth and Husk having copys of this minute at least thirty Days before that time.

16 September, 1794.

Allowed a Patent to Abraham Kirkpatrick, in a Case between him and John Lee Webster, in Right of Ebenezer Cochran as it appears that Kirkpatrick's Right is the oldest, and it is Ordered that Cochran's Survey shall be regulated so as that it shall not interfere with Kirkpatrick.

— Groff Exec.  
of Conrad Cromback  
v.  
Lewis Walker

} On Caveat postponed from June last.

It appearing on hearing the parties that the land in dispute (and for which Walker obtained a Warrant in February last) was surveyed by James Scull, as appears by a Copy of said Sculls field Works now produced. Therefore Ordered that a Resurvey shall be made according to said Survey, and Patent granted to said Executor In Trust for the Heirs of the said Cromback.

Josiah Hains, Esquire, laid before the Board a number of Conveyances to his Brother Reuben which were not executed, also an Article of agreement made between Robert Fleming, Esq., and the said Reuben relating to the purchase of the discovery Right, and also Receipts for the purchase money to the Receiver General by the said Reuben Hains. By all which a receipt of said Fleming, the Will of said Reuben, it appears that the said Josiah is entitled to one-third part of the whole lands, and that he with his Brother and Sister are entitled to the other two-third parts, and that the names of the several persons named in the Warrants, and executed Conveyances were only made use of In Trust for the said Reuben, and therefore it is ordered that Patents shall be granted to the said Josiah for one-third part, and In Trust for his Brother and Sister for the other two-thirds.

James McCormick	}
v.	
John Andrews and others	
Heirs of David Andrews	

On hearing the parties by their Counsel, Ross & Hollowell, it appears that McCormick hath two Virginia Entries for 400 Acres each, by one of which he claims the Tract occupied and improved by David Andrews, but as there is as much Land Surveyed on one Entry, and relinquished by McCormick to Little and McLaughlin and others, as would satisfy McCormick's two Virginia Entries, and as Andrews hath Warrant and Survey, and valuable Improvements, the only support of Andrews Orphans, It is ordered that the Survey of Andrews shall be accepted & Patent granted to them or to them who shall legally represent them.

Mr. Jeremiah Parker laid before the Board a Sherriff's Deed for a Tract of land in Buffaloe Valley in Northumberland County, sold as the property of Thomas Rees, for which said Parker desires a Patent, and informs that he cannot obtain the Deeds

transferring the Right of the original Appliers. But as this land has been deemed the property of said Rees, and he having ent'd a Caveat and since withdrawn the same, a Patent is allowed.

"To the Honorable the Board of Property for the Commonwealth of Pennsylvania. The Petition of Charles Stewart of Hunterdon County in the State of New Jersey Humbly Sheweth. "That on the 27 February, 1775, upon the application of Ed'w Milnor, and Robert Wilson, a Warrant was granted in the name of Christopher Irwin, for three hundred Acres of Land, Situated on a Branch of Susquehanna above and adjoining William McDonald's Land in the County of Northumberland, That on the 28th of March, 1775, the said Robert Wilson paid into the Receiver General's Office the sum of twenty-three pounds, twelve shillings and six pence purchase money for the Land aforesaid. "That in conformity to the trust reposed by the said Edward Milnor and Robert Wilson in the said Christopher Irwin, he did on the 23 day of March, 1780, by his Deed Poll of that Date Release and convey the Warrant and Lands mentioned therein to the said Edward Milnor to which Deed Mary Irwin, Wife of the said Christopher set her name as a Witness.

"That the said Edward Milnor on the 24 March, 1780, conveyed the premises to Margaret Wilson, daughter of the said Robert Wilson (then deceased) Who by Deed of 3 December, 1794, conveyed the same to your Petitioner, Who produced all the conveyances aforesaid, together with the Receipt aforesaid, and the copy of the Draught, and return thereof into the Secretary's Office dated 17 January, 1776, in order to obtain a Patent. But to his astonishment was informed that a Patent had been granted to the premises to the aforesaid Mary Irwin, Alias Irvine, on the 30 April, 1785, In Trust for herself and two children to wit, Ann & Jane. On comparing the courses, distances & Situation of the Return made on 17 January, 1776, with that made on the 23 April, 1785, they appear fully to agree.

"Your Petitioner prays the Board of Property will be pleased

 Reed, also the Law entitled, an Act for the sale of Vacant Lands,  
 &c., in which is a Clause saying the issuing of a Patent for six  
 Months after the Determination of this Board being carefully ex-  
 amined, it appears on the said 7 January, 1793, a determination  
 was made on the said Caveat stating “that Reed had a Survey of  
 “439 As. & 6 ps. and that Vowell had one of 157 As. which did not  
 “interfere with each other, and therefore it was Ordered that Both  
 “Surveys should be returned, and established.” And as it appears  
 that both parties had Surveys that Vowell's was the least, and he  
 now declares that he does not mean to go to Law, and that he  
 hath no intimation that Reed has or will, Therefore it is thought

proper in this Case to dispense with a Certificate from the Prothonotary of the County that no action is commenced by the person against whom the Determination was (which is necessary in almost every Case) because in this Case both parties had their Surveys established and because it may be said that a determination was not made against either party.

An Instrument in writing dated 5 January last sign'd by Tilghman Culp, Desiring Patents to be granted to Frederick Draugher for a Tract against which he ent'd a Caveat. being read a Patent is allowed.

It appears by a Resurvey of Lands held under Warrants to William McIlroy in the year 1749 that the Land granted by Warrant to George McIlroy dated 8 December, 1788, is included in said Resurvey, It is therefore Ordered that the Receiver General allow the money paid on said new Warrant in Settlement of his Account.

Thomas McKean, Esquire	} On Caveat.
v.	
Aaron Levy.	

On hearing the parties it appears that said McKean claims the Land granted by virtue of six Warrants dated 21 June, 1794, to Hugh Frazier, Thomas McKean, Esq'r, Joseph B. McKean, Andrew Barvard, Andrew Petit, and Robert McKean on which Surveys have been made on the 21 July last, and Returned into the Surveyor Generals Office of 6 Tracts on the Waters of Bakers Mill Run, in the County of North'd. That Levy claims under Warrants dated 2d January, 1793, to Martha Houston, and others. And on examining the said Warrants and Surveys, and a general Plott produced by McDonnell Assis't to Joseph Wallis, Esq'r, the Board are of opinion that Levys Warrants are too vague to effect McKeans Survey, and Therefore it is Ordered that the same Surveys shall be accepted & patents granted.

Agreed with John Bishop for a Tract of Land (conveyed by John Hinton to him) at £15 10 <sup>3</sup>/<sub>4</sub> Cent. Int. from 6 Months after 3 September, 1742, the Date of the R. Peters Order.

Present as before on the 24th Int.

Mr. Charles Stewart on the \_\_\_\_\_ day of \_\_\_\_\_ last applied for a Patent for a Tract of Land Surveyed by Warrant to Christopher Irwin and patented to Mary Irwin, his Widow In Trust for herself & Children, and the Board Ordered, that a patent shou'd be granted on the first Monday of this Instant to said Stewart unless cause be shewn to the contrary at that time, and no cause being yet shewn a Patent is allowed.

On Motion of Mr. John Cunningham, representing that nothing had been done in the Case of Englehart Yoysen against Nicholas Bettinger pursuant to Order of the Board on 7 November, 1786. Therefore it is requested that the Deputy Surveyor Thomas Johnston, and Edward Crawford the Gentlemen appointed formerly, shall execute the said order by the first Monday in June next.

Martin }  
 v. }  
 Lowdon. }

On hearing the parties and examining the general plots of Surveys and Warrants, it is the opinion of the Board that Martins Warrant ought not to effect Lowdons Surveys, as it seems probable that a part of them are shut out of old Surveys, and if not that the mode of extending them round other Surveys, in order to come at the Land surveyed for him, said Lowdon cannot be permitted, and therefore it is Ordered that Lowdons Survey shall be accepted.

Matthias Hollenback }  
 v. }  
 Thomas Grant. }

On Caveat and a Representation made by Hollenback to the Board the 7 day of Ap'l last.

The Board resumed the Consideration of this Case which was held under advisement since the first Monday in this Instant, and thereon are of opinion that Hollenbacks Warrants he now

claims under in the names of Isaac Stephens and others being formerly decided on in favor of him against Grant for Lands remote from those now in contest, and some of them Located on a different Branch of Mahopenny Creek, from where the said Lands are, It is ordered that Grants Surveys shall be accepted and Patents granted.

 Bradford. }

On hearing Mr. Hamilton who claims under Mr. Scotts Application, and Mr. Samuel Wallis who claims Bradfords App'n It appears that Wallis had the Land in contest surveyed in the year 1769, on said Application of Bradford, which seems to suit the Ground. Therefore Ordered that Wallis's Survey shall be accepted and patent granted.

John Snell  
 v.  
 Heister. } On Caveat.

On hearing the parties it appears that Heisters Surveys were made before the Warrants of Snell were obtained, and sufficiently descriptive of the Land, Therefore Ordered that the Survey of Heister shall be accepted, and Patents granted.

John McMillon Brother of William McMillon (who purchased a

Tract of Henry Nichola) appeared and represented that the order of the Board of the first Monday in Dcember last, has not been executed, therefore the Cause is postponed to the first Monday in October next, in order that the former order shall be executed.

Mr. Boys appeared, and produced a Pittsburg Gazette of 17 January last, in which is an Advertisement notifying said Neely to appear and support his Claim on his Caveat, he not being to be found to serve the Citation, as is usual, and no person attending on his behalf the said Caveat is dismissed.

John Logue }  
 v. }  
 David Eaton. }

This Case being postponed from the first Monday in October last, and Logue not appearing then, nor any for him at any time since Mr. Cadwallader was heard for Eaton, and his Survey examined and Depositions read, it is ordered that Eatons Survey shall be accepted & Patent granted.

John Batton }  
 v. }  
 Samuel Wallis. }  
 John Agnew }  
 v. }  
 Wm. Bitner. }

On hearing Agnew, and examining the Warrants and Surveys of the parties it appears that the Surveys returned are not agreeable to the Location of the Warrants, Therefore Ordered that the Deputy Surveyor shall make the Surveys agreeable to the express Location of the Warrants, and return a Plott to this Board the first Monday in June next.

Richard Stephens. } On Caveat.

William Patterson Executor of said Stephens laid before the Board a paper whereby it appears that the dispute is settled, and the Deputy Surveyor is directed to make the Surveys accordingly.

Gammill  
v.  
Benstead }

Postponed to the first Monday in June next, in order that the order of the first Monday in January last may be executed.

On the Petition of Thomas Russell setting forth "that he entrusted a number of Surveys to be made by an Assistant of Mr. Joseph J. Wallis, who professed to have a perfect knowledge of the Vacant Land for which his the said Thomas's Warrants were intended and that he the said Assistant did erroneously execute his Warrants upon lands theretofore surveyed and appropriated to his injury and therefore prayed the interposition of the Board in his behalf."

Which Representation being taken into consideration.

It is directed by the Board that the Warrants aforesaid shall be executed on the Lands originally intended by their Locations, and that Returns be made thereon into the Surveyor Generals Office so far as the same may be done clear of prior Applications.

The Receiver General having stated that in a Settlement of an Account for William Shirley or William Phillips who claims under him there was an Error committed in the said Settlement of £10 2. 0. which operated against the said Phillips the Patentee, having given credit to him only for £20 0. 8. instead of £28 agreeable to his original Receipt, and also agreeably to the entry in Rec'r General's books which with the interest thereon makes the above sum of £10 2. 0. Therefore Ordered that the Rec'r General be directed to Return the said sum of £10. 2. 0. to said Phillips.

Present

The Land Officers.

It appearing by an Instrument in writing dated 6th of this Instant, signed by John Snell that he withdrew his Caveat against the Heisters, on which a Decision of the Board was made lately, in favor of said Heister, Therefore they are allowed to proceed in taking out their Patents, without the stay of Six Months directed by Law.

William Tilghman, Esquire, Son and one of the Executors of the Last Will and Testament of James Tilghman, Esquire, deceased appeared and produced a Certificate of Charles Stewart, Esquire, late a Deputy Surveyor of Northumb'd County, that he had surveyed Three Tracts of land on the Waters of Meichango Creek or Red Bank Creek, and returned the same in the names of James Tilghman, jun., Wm. Hamilton and Samuel Hudson, and that he the said Stewart was well assured that the names aforesaid were only made use of by the said deceased in Trust.

Whereupon it is Ordered that Patents shall issue to the Executors of the said Will, In Trust for the Heirs agreeably to said Will.

The Petition of James McClung was read praying for a Resurvey of Two Tracts of Land, one Surveyed to James Silverton, and the other to Hawkins Boone on App'ns ent'd in the year 1769, the right to which is now vested in s'd James, and his Brother Matthew, and by the same Petition was stated that some Errors had been made in the said Surveys, Therefore Ordered that a Resurvey shall be made of the said two Tracts, and that a Division of the respective parts of said James and Matthew, be made in order for separate Patents.

Mr. Josiah Hains having applied for a Patent sometime since, against which a Caveat now appears by one Reed, but very indefinite, and by the information of Joseph Wallis Deputy Surveyor to the Receiver General, and by inspecting the plott sent to the Board by said Wallis, it does not appear that Reeds pretensions can any how affect Hains Survey as by a late Order of the Board at the instance of Hains, the Tract which was claimed by said Reed was given up to a person who claimed under one Bentz. Therefore Mr. Hains is allowed to go on with his Patents.

Appeared before the Board last Week, and declared they had a dispute, which they submitted to the Board, which was entered upon, but in a short time Charles Dilworth, and John Brown appeared, and declared that they had Warrants for the same Lands or a part thereof in contest, between said Chambers and Covenhoven, Whereupon all the said parties were heard, and the Surveys, the General Plots of Surveys, Warrants, and Testimony produced examined, on which it appeared that Covenhoven had three of the earliest Warrants, That Dilworth & Brown have ten Warrants the next earliest, the leading one in the name of John Tea, joining Hampsons Line, which from some part of the Testimony seems to be a Tract late of Hampsons purchased by John Cadwallader, and that Chambers leading Warrant is joining one Crum very remote, but if the whole of his Warrants were extended they might reach Covenhovens or Dilworths claims. On the whole it is the opinion of the Board, that Dilworths and Browns shall be next executed bounding on the Land late of Hamson now of John Cadwallader, Esquire, in the most reasonable, regular, and commodious manner so as not to effect Improvements and other prior Rights, And that Chambers Warrants shall be executed, and returned according to their Locations to wit Beginning at Crums, and extending so as they do not encroach upon Surveys to be made for Dilworth & Brown or Covenhovens three Warrants.

The Petition of Joseph Scudder of Monmouth County in the State of New Jersey, for himself and the Heirs of Philip Johnston, dec'd was exhibited in the words following, viz: "That on the 4 day of November, Seventeen hundred and seventy four Reynold Keen and Edward Milnor, Esquires, now of the City of Philadelphia had Warrants granted in the names of Robert Erwin, Robert Smith, William Heysham, Isaac Howell, Stephen Paschall, Benjamin Davis, Richard Humphreys, William Austin, Edward Milnor, Isaac Austin, Reynold Keen, William Gray and Robert Roberts for taking up thirteen Tracts of land of three hundred Acres each in the County of Northampton which Warrants have been executed and returned into the Surveyor Generals Office in the names of the aforesaid thirteen persons, Who in pursuance of the Trust reposed in them did afterwards release their Claims to the Lands and Warrants aforesaid to the said Reynold Keen in order that he might divide & convey the same agreeably to the proportions intended and agreed upon between the parties concerned in Locating the same, and those who paid the purchase money for the Warrants aforesaid.

That by Document in the hands of s'd Messrs. Keen & Milnor & others in the hands of the Rev'd Doctor Smith and the Heirs of the aforesaid Philip Johnston it appears that one then of the whole was to be given unto the said Doctor Smith and Philip Johnston for the discovery of the said Lands. That the other

two thirds were to be held by or divided between said Keen or Milnor they having paid all the money for the Warrants, and the usual fees of Office, &c. That upon the division of said Lands it was agreed that the said Doctor Smith and Philip Johnston shou'd have five of the aforesaid Tracts to wit those in the names of Robert Erwin, Robert Smith, William Heysham, Isaac Howell and Stephen Paschall. That it was afterwards further agreed by and between the said Doc't Smith and Philip Johnston that said Johnston shou'd hold three of the aforesaid Tracts in the names of Robert Erwin, Robert Smith & William Heysham and that said Doct. Smith should have those two in the names of Isaac Howell and Stephen Paschall and that the said Philip Johnston should pay to the said Doct. Smith the sum of ——— being the balance due from the said Philip Johnston to the said Doct. Smith arising upon the transaction. That the said Doct. Smith on the eleventh day of January, Seventeen hundred and seventy six did write to the aforesaid Reynolds Keen to convey to said Philip Johnston the said Three Tracts of Smith, Erwin, and Heysham as appears by his Letter of that date. But that the said Philip Johnston was soon after called into the service of his Country and fell in the Action of August, 1776, upon Long Island and that no Patent has issued to his Heirs for either of the Tracts aforesaid. Therefore your Petitioner in behalf of himself and Maria his Wife late Maria Johnston, Martha Ann Johnston and Elizabeth Johnston who are the Daughters of the aforesaid Philip Johnston, dec'd, prays that the Board will please to order that Patent be granted to them for the Lands last aforesaid."

Land Office, 23d June, 1756

Sir: I am sorry Edmund Liston proves so very Troublesome. Agreeable to the Order made at New Castle He was to have his Land, that is 300 a. & no more, laid out in a regular piece with a reasonable Front on his Land stretching from Shore to Shore, & the same just Method was to be observed as to all Persons who have obtained Warrants for any Part of the Cedar Swamp. This was my Judgment at New Castle & I have reported it to Mr. Scull the Surveyor General who now joins with me in this Judgement and we both order you to Survey in fair or regular Pieces stretching from Shore to Shore on all Warrants for Land or Swamp y't include the Cedar Swamp, the exact Quantity mentioned in the Warrants contiguous to one another leaving no Vacancy or Interspaces in any one Survey & when Justice is done in this Manner to all Claimers you are to Survey for the use of the Proprietaries in one regular Piece, the remainder of said Cedar Swamp and in the mean time if any difficulty arises report the Circumstances y't Judgment may be given immediately.

Nicho. Schweiger enters a Caveat agt. granting a Warrant for the Acceptance of a Survey made for Jacob Keen in Heidleburg Township, Berks County, the said Schweiger having a Prior Right to said Premises.

By Order of the Secretary,  
RICHARD TEA.

To Nicholas Scull, Surveyor General.

Sir: In pursuance of the Honorable the Proprietaries direction I have been at the forks of the Delaware with Dr. Thomas Greame

& in concert with him have carefully Viewed the Ground proposed for a Town and have laid out the same Agreeable to a Plan herewith sent You, for their Perusal by which they will see that the place is Bounded on the East by Delaware River, on the South by the West Branch, on the North by Tatamys Creek, and part of the West side by high Mountains So that the plan cannot be enlarged but on the West side and there only on two Streets, viz't the Streets A & B from Whence it may be extended more than a Mile on very Good Ground.

The Sides of the Squares are 480 feet, and the Lots except a few are 60 by 320 feet, the Square for Publick use is 320 by 220 feet, and tho' not placed in the Center, we are of opinion is Preferable to any other part of the Town as it is a dry level Spot with a descent every way from it and from whence there is a Beautiful Prospect of the River Delaware and the Jersey Shoar.

We endeavoured to lay the Front Street near to the River at the North end than it is laid down in the Plan. But as that would have thrown the Street C D over Tatamys Creek we judged it best to lay it out as in the Draught, whereby there is Ground left between the Front Street and the River which we conceive will not be lost if ever the Town comes to be considerable, as it will not be granted with the Lots & must in time be wanted for Stores, Wharfs, &c.

The Front Street is about 25 feet in perpendicular height above the Surface of the River, both Rivers are more than 12 f't Deep for 200 f't each way from the Point H, the Stream not at all Rapid, the meeting of the Rivers causing an Eddy.

The Situation of this Place is very pleasant and in my opinion has much the Advantage of any other place in the Forks or near it Especially on the account of Trade.

NICHO. SCULL.

Dear Sir: The Heirs of John Simcock have applied to the Office for a Settlement concerning the Land purchased by their Grand Father in England who made two Purchases one of 5,000 a's another of 2875 a's, the latter was Surveyed and Returned in one Tract but whether all the other 5,000 a. has been Surveye to them or not is the Question. There is Return'd into the Office no more than 2210 a. on the 5000 a. and Yet it appears by the Map of the Province that there has been two other Tracts Surveyed in that Right one in Thornberry and the other in Concord but the Quantity unknown. I therefore desire the favour of you to inform me by the bearer of the Number of Acres in each Tract, in writ-

ing, for which I will make Ample Satisfaction, and in which you'll exceedingly Oblige.

Your

Affectionate Friend,  
NICH. SCULL.

To John Taylor, Esq'r.

August 15th, 1754.

Sir: John Campbell (by his Wife) complains that you Refuse to Survey his Land, he produces a Receipt from under Your Hand for £2. 10 in part for 50 a. of Land 7.6 for the Office fees here and 15s. for yourself, and Yet no Warrant has yet issued in his favour nor can he have his Land Surveyed as it is said.

I wrote to you some time ago about this affair but you have not been as kind as to write me an Answer. I now expect that you will let me have your reason for Refusing to make the Survey, that if they appear to be good the Man may have his Money Returned.

I am your sincere Friend,  
NICHOLAS SCULL.

To George Stevenson, Esq'r.

---

Philad'a, Sep'r 18, 1754.

Sir: By Order of the Secretary I am directed to inform you that the matter in Variance between you and Urbanus Ashlebrener concerning the Boundaries of your Lands is refered to John & James Wright, and it is expected that you, together with Ashlebrener will wait on them to know the time and place, that they shall appoint to Examine the matter at which time and place you are to give your attendance in order to be heard by them, and that if you refuse to do as you are above desired and the matter in controversy be not determined at or before the first day of November next, a Patent will be granted to Urbanus Ashlebrener agreeable to the Survey made by Geo. Smith.

To Mr. John Douglass.

---

Philad'a, Sep'r 18, 1754.

Gentlemen: The Secretary being extream busy has desired me, to Write to you, in his behalf, earnestly desiring that you will be so good as to take upon you the settling a certain difference between Urbanus Ashlebrener and John Douglass concerning the Limits and Boundaries of their Lands and that you will please to make report to him what you shall determine in the Affair.

I am, &c.

To Jno. & James Wright, Esq'r.

Philada'a, 15th 8'ber, 1754.

Dear Sir: Yours of the 28th 7ber I have Received & Consider'd as to the Case between Campbell & Alexander it appears to me Clear in favour of Alexander (as you have stated it) save that you have not said whether Foster who sold to Alexander had made Improvement on the Land or not.

As to Brown and Donnelly's Case I have heard nothing of it, but the Acco't you have given me, therefore shall recur to your State of the Case when the Parties appear.

You seem in your Letter to think hard of being called upon when complaints are made by People who think themselves Injur'd, or at least say so, but pray Sir what must be done: it is impossible for the Office to know whether their complaints are just or not, is it not then reasonable to call on the Surveyor (who is certainly most likely to know) directing him to make a State of the Case. This is an Affair the Proprietary Survey'rs must not expect to be exempt from while there are complaints Altho' not one in ten may be well Grounded, yet they certainly ought to be heard and their Case consider'd.

I herewith send you a Copy of a draught you sent me sometime ago of the Lands in dispute between Urbanus Ashlebrener and John Douglass which is to be heard the first day of next Month, you will see by the Copy sent you y't the line A B has neither Course nor distance, nor can it by the draught be understood how Nicholas Bouche & Jno. Mumma join the lines C B, D E, E F, & G H, H I, I K and K L. These defects you are desir'd to supply by noteing with dotted lines how far each person extends along their several lines above mentioned (which perhaps you may do without going on the spot) and make Regular and separate Returns of the Tracts A B the Line A B being ——— Division line between them. This ought to be done so as to be in the Office before the first of November next.

I am Your Assured Friend,  
N. S.

To George Stevenson, Esq'r.

Nov'r --, 1754.

Dear Sir: I this day Received your favour with the draughts of the Lands of Ashlebrener and Douglass which in my Opinion with other helps will render the dispute between these Gentlemen pretty easy to determine.

Having this Opportunity I cannot forbear pressing you again to send me by the first hand what you have done with regard to a draught of your County. I do assure you that I am at a very great loss for want of it, and at the same time that you favour

me with your draught I beg you will let me know the Cost, this being a rule I set myself in regard to whatever I have had done by Surveyors, Otherwise it would be Ramdling in the Dark. I flatter myself that this will be the last time that I shall have Occasion to press you on this head.

I am Your Real Friend,  
N. S.

Please and give my Compliments To Mrs. Stevenson.  
To George Stevenson, Esq'r.

4th Ap'l, 1772.

Mr. Lukens:

Thomas Armor lately obtained a Warrant of Resurvey of a Tract of Land bordering upon Digges Tract in York County upon which you know there was a Maryland Resurvey which is now in Dispute And I have Reason to think that one Design perhaps the principal one of this Resurvey is to run into Digges Resurvey & get a patent upon it. You'll perceive by the recital of the principal Tract it goes up to Digges Land which I suppose is the original Tract and to prevent further Confusion I request you'll write to the Deputy McClaine & Lukens, not to proceed on this Resurvey untill the Validity of Digges Resurvey is settled but to forbear the Execution of it for the present.

Y'r h'ble Serv't,  
JAMES TILGHMAN.

Whereas, There has for some time past been a Dispute subsisting Between James Edger, Sen'r, & James Gordon, both of Fawn Township, York County, in the province of Pennsylvania, About a Certain piece of land taken within a Survey made by Wm. Matthews for James Edger, Sen'r, likewise prior to Matthews' Survey. It was Survey'd to James Edger, Sen'r, by Thomas Armour in the Year 1753 As an additional Survey in pursuance of a Seventy-five Acre Warrant Granted to James Edger, Sen'r, in the

Year 1750; And Whereas, the aforesaid James Edger, Jun'r, & James Gordon Did, of their own free Will Choose & Appoint Us the Subscribers to Audit, Enquire into & Determine the aforesaid Controversy, And after the most Candid Enquiry & hearing of the parties & the Witnesses on both Sides, Do give it as our Judgment that A line of Matthews' Survey, 32 perches in Length, in As much As it Extends over the North 30 perch line of James Edger, Sen'r's original Survey, is foul of Land the property of James Gordon & it is our Judgment that James Edger, Jun'r, Must either Yield & pay to the aforesaid James Gordon At the rate of £4 an Acre for the aforesaid piece of Land so taken in by Matthews' Survey opposite to the North 30 perch Line of Edger's original Survey, made by Churchman, as aforesaid, Or otherwise release it out of his Survey unto the aforesaid Gordon, But we are of Opinion that the aforesaid Gordon hath not Just Reason to Claim or Challenge Any of the Rest of the Land within Edger's Survey as Surveyed by Wm. Matthews And Returned, And that the aforesaid Edger hath good Right to Possess & Occupy & enjoy the whole of it.

Given under our hands this 7th day of April, 1775.

Enterline before Signing.

I, James Gordon, do agree to Except of & stand to the Judgment above, & to receive at the rate of 4£ p'r Acre for the above Lands.

JAMES GORDON.

I, J's Edger, Jun'r, am agreed Either to Release or pay for the piece of land between the aforementioned lines 30 perches in Length, as before Describ'd. Witness my Hand this 7th April, 1775.

N. B.—There is in Bundle E, two of the Surveyor General's Warrants to his Deputies in favour of Benjamin East, & one for Samuel Ellis, sign'd on the back Side by me, Jon. Hughes.

\*N. B.—This Letter No. 712 is so interlined in Numbers of Places that it is scarce Legible.

N. B.—There is an Order of two of the Commissions which seems to be intended to fix the Southerly Line of the Friends of Wales, & the Northerly Line of Ralph Fretwell, but it is hardly Intelligible. I sign'd my Name on the back Side of it, Jon. Hughes. It is lapt up in Fretwell's Warrant No. 707.

†No. 714 is a Copy.

\*No 715 is a draft of seven Different pieces of Land & Thomas Fair-man desires to have his Warrant laid on five of them agreeable to the print Lines in the Draft.
